

# BATTLE OF EXTRAORDINARY VIOLENCE NOW RAGING ALONG THE RIGHT WING OF ALLIES

## VILLA IS TO BLAME FOR A WAR

If One Should Come in Mexico, Says Carranza in Statement

HIS CONDITIONS FOR CONFERENCE UNREASONABLE

WASHINGTON HAS HOPES

That a Settlement May Be Reached Before Any Serious Fighting Results Between the Forces of Constitutionalist Leaders.

(ASSOCIATED PRESS TELEGRAM) Naco, Sonora, Sept. 26.—Under orders from General Carranza at Mexico City, General Benjamin Hill began mobilizing troops here today for another stand against Governor Jose Maytorena of Sonora, who defeated him in battle yesterday at Santa Barbara.

General Hill officially reported to Mexico City today that only twenty-five of his men were wounded yesterday. None was killed. He also declared that Maytorena lost twenty-eight killed and eighty-two wounded. Soldiers who fled from the field of battle declared, however, that at least 200 dead were left where they fell.

(ASSOCIATED PRESS TELEGRAM) Mexico, City, Sept. 26.—General Venustiano Carranza, the acting head of the Mexican government, in the long statement which he gave out last night reviewing the difficulties between himself and General Villa, states that the situation is grave but that the constitutionalists are ready for any emergency. General Villa he declares, demanded impossible changes in the call issued for a conference of constitutionalist chiefs on October 1. General Villa's demands, he says, were that a general conference pledge itself to re-establish the national and state civil regimes within the city days after the conference concludes its discussion, that no present army officer shall be eligible as a candidate for any elective office; that the federal state legislature be convoked immediately, and that the electoral college be chosen for the election of a permanent president.

To these demands General Carranza replied that only the conference itself was able to take up these questions.

Regarding the cutting of the railway lines north of Aguas Calientes, General Carranza says this is not a hostile, but unnecessary act, in view of General Villa's warlike preparations. If anarchy comes and blood is spilled as a result of this, the blame, he says, is on the head of Villa.

Nearby garrisons are assembling for transportation to Aguas Calientes.

It is reported here that a special train will leave Mexico City for Vera Cruz tomorrow night carrying passengers booked on steamers to sail for (Continued on Page 2, Col. 1.)

## Isolation of Przemyśl Is Made by Capture of Fortress

(ASSOCIATED PRESS TELEGRAM) London, Sept. 26.—The fall of the town of Khyrow, telegraphs the Petrograd correspondent of the Evening News completely isolates the Austrian fortified position of Przemyśl as regards to railroad communication. Khyrow is 20 miles south of Przemyśl and close to the junction of several railroads.

## Engagements Have Been Vigorous Consisting of Attacks and Repulses With No Definite Results to Either

Germans Charging In the Battle of the Aisne.

This photograph shows a furious German charge in the battle that has raged in France for more than a week—the battle of the Aisne, which is now believed to be a more important engagement than the battle of the Marne, in which the Germans were driven back from their march on Paris. The Germans as has been told many times, go in such close formation that the foe shoots them down in piles. When they win it is because of overwhelming walls of men for whom there are not bullets enough.

## City Wins Gas Case in Appellate Court; 18 Cent Net Rate Decided to be Reasonable

The Court of Appeals on Saturday decided the case of the City of Newark vs. the Newark Natural Gas & Fuel Co. The court rendered the same decree as was entered in the court of common pleas, finding in favor of the city. The court overruled a motion for a new trial, it filed on behalf of the Gas company, and noted exceptions. Thirty days are allowed by the court for a finding of facts and the statutory time, 40 days, for filing a bill of exceptions, in case the Gas company desires to take the case to the Supreme Court of Ohio.

This is the suit in which the city enjoined the Gas Company from charging and collecting an advanced

rate for natural gas furnished the inhabitants of Newark.

On March 6th, 1911, the City Council passed an ordinance fixing the maximum rate of natural gas to be charged by the Newark Natural Gas & Fuel Company, its successors or assigns, for the period of five years next ensuing, at 20 cents per thousand for each cubic foot of gas used or consumed by all persons, firms or corporations using or consuming the same, with a discount of 10 per cent, allowed if payment was made on or before the tenth day of each succeeding month. The Gas Company declined to accept the provisions of the ordinance, and immediately caused notice to be published

advising its customers that on and after April, 1911, reading of meters the price to be charged for gas would be 25 cents for each thousand cubic foot, subject to a discount of 10 per cent, if paid on or before the tenth of the succeeding month, and that unless said price was so paid the further supply of gas to said city and its citizens would be discontinued.

Soon after said publication was made a petition was filed by the City of Newark, by Frank A. Bolton, who was then the city solicitor, in the court of common pleas to enforce by mandatory injunction the provisions of said city ordinance of March 6th, 1911.

Upon the filing of the petition, a temporary injunction was allowed to issue by Chas. W. Seward, then Judge of the Court of Common Pleas, restraining the Gas Co., as prayed for in the petition. Walter C. Metz being appointed trustee by the court to take charge of the difference between the rate charged by the Gas Co. and the rate fixed by the council and paid for by consumers of gas, until the final hearing and determination of the matter in the court.

The defendant company filed an amended answer to the petition of the City in which it averred that the ordinance passed by the city, fixing (Continued on Page 10, Col. 2.)

the north. The gap in the railway line to Vera Cruz, it is reported here, is several miles in extent.

## SETTLEMENT OF BREAK IS HOPE OF WASHINGTON

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 26.—Despite the news that forces of Carranza under General Benjamin Hill were routed in an engagement with troops of General Maytorena in connection with the revolution proclaimed by the state of Sonora in defiance of General Carranza, administration officials here

## MAY WITHHOLD PAY ON DEBTS DUE AUSTRIANS

(ASSOCIATED PRESS TELEGRAM) Venice, Sept. 25, via Paris, Sept. 26.—A telegram from Vienna states that the minister of finance is considering the question of the payment of the coupons of Austrian rentes, due October 1, to holders in France and England. In view of the action, it is said, taken by those countries regarding the payment of debts due in Austria, it is expected that the minister will decide to withhold payments.

The first case of Asiatic cholera has been officially announced in Vienna. It was in the case of a wounded officer brought from Gallia. The patient has been isolated and it is reported he is recovering. There are a large number of cases of dysentery in the capital.

## JAP MESSENGERS SENT TO CHINA TO GREET THE ALLIES

(ASSOCIATED PRESS TELEGRAM) Tokyo, Sept. 26.—In a letter made today that Imperial messengers have left Tokyo for the scene of operations near Tsing-Tau conveying the emperor's greetings to the Japanese and British sailors and soldiers co-operating in the fighting against the Germans in Kiao-Chow.

FLAYS HERMAN RIDDER (Special to The Advocate) New York, Sept. 26.—In a letter published here today Prof. W. H. Johnson of Denison University, Gran-

ville, Ohio, flays Herman Ridder who has been interpreting the European war news from the German view point for the New York Staats Zeitung.

## MASONIC PALACE OFFERED ITALY FOR A HOSPITAL

Rome, Sept. 25, 10:25 p. m. Via Paris, Sept. 26.—The Free Masons have offered the government the palace here in which they have their headquarters, one of the largest in Rome, for use as a hospital in case of war. The number of war in Italy said he would remember the kind offer in case of a general mobilization.

## RUSSIAN REPORT ISSUED TODAY AT CONSULATE

(ASSOCIATED PRESS TELEGRAM) New York, Sept. 26.—Colonel Goloszewski, Russian ambassador to the United States, today issued a statement which he said he had received from Petrograd.

"On September 25, we repulsed the advance guard of the German army to the east in the province of Suvalki. Vincent our advance troops have been successfully engaged with the German army in the west. The German army has been repulsed and its retreat."

## TERRITORY IN AFRICA TAKEN BY FRENCH SHIP

(ASSOCIATED PRESS TELEGRAM) Bordeaux, Sept. 26.—The ministry of marine announced today that the French gunboat Surprise, on Sept. 21, took possession of Coco Beach, in Kamerun, the German colony in western equatorial Africa.

Victor Augagneur, the minister of marine, announced the capture of Coco Beach at the cabinet meeting this morning. He said that previous to landing her marines, who dislodged the German troops on shore, the Surprise, which is a small vessel of 650 tons, unarmed and carrying ten small guns, sunk two vessels belonging to the German auxiliary fleet the Rhos and the Italo M. Augagneur said that this capture was a brilliant exploit, to the credit of the Surprise.

Coco Beach is at the entrance of the Munt river, which falls into the sea in Congo bay. This territory was ceded to Germany as a result of the Franco-German Congo agreement of 1911.

ANOTHER CAPTURE IN SOUTH AFRICA. London, Sept. 26.—A Capetown dispatch to Reuters Telegram company says that union defense force occupied Luderitz Bucht in German southwest Africa, on Sept. 19. The German garrison had previously retreated, blowing up the railway and wireless installation, but otherwise leaving the place intact.

Fighting of Germans in the Western Arena Contradicts Theory that Obtained Some Days Ago, that They Would Assume a Defensive Position and Remain Inactive in a State of Siege.

## GALICIAN STRONGHOLD NOW ISOLATED BY RUSSIANS

This Will Probably Forecast a Triumphant March to Cracow and Thence to Vienna and Budapest—Concrete Platforms for German Artillery Were Selected Some Years Ago, As Foundations for Factories—With a Welsh Corps Ready for Formation, it is Believed in London That the Irish Will Not Be Outdone.

A battle of extraordinary severity is raging at the western end of the Anglo-French and German battle line in the region of Noyon, 60 miles to the north of Paris, where the French still are striving to outflank General von Kluck's reinforced army. The French official statement issued this afternoon claims that the allied troops have made a slight advance.

On the eastern end of the fighting line the French officially admit that their line has been forced back by the Germans across the river Meuse near St. Mihiel, a point about 20 miles to the south of the French fortress of Verdun.

In the eastern arena, the Russians are preparing to attack the important Austrian fortified city of Cracow in Galicia. The inhabitants of the city are reported to be fleeing and the civil government is said to have been assumed by the Germans.

Russians operating against the fortress of Przemyśl have captured two towns to the north and south of the position and have completely cut off its railway communication.

The French ministry of marine today announced that a landing force from the gunboat Surprise had hoisted the French flag over Coco Beach in the German colony of Kamerun, in Africa.

British forces from the Union of South Africa have occupied Luderitzbucht, a town in German southwest Africa, where the Germans retreated after blowing up the railroad.

China has protested against the occupation of Japanese troops of Wei Hsien, a town in Shan Tung province outside the zone set apart by the Chinese government for the Japanese military operations against the German concession of Kiao Chow.

(ASSOCIATED PRESS TELEGRAM)

London, Sept. 26.—In spite of the fact that there has been fighting on both the left and right wing of the allies during the past week and that these engagements have been vigorous and incessant, no decisive outcome of the battle on the Aisne yet has been recorded.

The British military experts who last week predicted that Germany would maintain the defensive in France only while transferring troops to the eastern arena of war, have not, generally speaking, been borne out. Although the position of the invaders of France at the center is suited for such tactics, and siege warfare has prevailed there for days—the fighting on the ends contradicts them.

Correspondents telegraphing today from Amsterdam and dating their despatches from "France," an excellent result from the explosion of the writers from anywhere near the scene of operations, again dwell on the excellent character of the German entrenchments. It seems that in many places along the Aisne battle front stone quarries dot the hillsides and a majority of these workings have been in German hands for years. It would appear that during several weeks before the opening of hostilities thousands of tons of stone were cut from these quarries, later to be used for the construction, by the Germans against

which the heaviest artillery has little effect.

An Englishman writing from the Meuse district reveals some of the remarkable preparations which were made by the Germans for the present war. This man in his letter says:

"The Germans installed a long time before the war, certain portions of some of their big 42 centimetre guns on a farm, under the pretext that they were boring for water. They put in foundations of concrete that everything was ready. As their guns had no longer range than those of the Meuse forts, it was not difficult for them to conquer."

The Paris correspondent of the London Chronicle confirms the foregoing statements and adds that all the German heavy artillery was placed on concrete platforms selected some years ago as foundations for factories never to be completed. Belated reports giving intimate details of the occupation of Amiens and Compiègne from which cities the Germans subsequently were driven throw further light on what in England is characterized as German advance preparations for invasion according to these stories in almost every French town through which the German army swept, some one in the ranks would point out where he had, until recently, resided as an inconspicuous citizen.

## War Revenue Bill Goes To the Senate Following Easy Passage by the House

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 26.—The administration war revenue bill went to the Senate today following its passage in the house by an overwhelming vote. Consideration of the bill in the senate now awaits the action of the finance committee to which the measure goes today. The committee already has begun paying the way for its speedy passage in the senate. The bill was adopted by a vote of 234 to 125. With the single exception of the vote of Representative Copley, of Illinois, a Progressive, every affirmative vote was cast by a Democrat, while the spilt Republican minority voted against the bill, animated by eleven Democrats.

The bill had been under consideration in the house two days. The overwhelming defeat of a motion by Representative Payne of New York, to recommit the bill to the ways and means committee, preceded its passage.

As passed by the house the bill imposed an additional tax of 50 cents a barrel on beer; two cents a gallon on gasoline; 20 cents a gallon on sweet wines and 12 cents on dry wines; stamp taxes on railroad and steamboat tickets; brokers' contracts; insurance policies; mortgages, telegraph and telephone messages and special taxes upon theaters, brokers, bankers, tobacco dealers and others. These taxes are estimated to raise \$105,000,000 revenue annually.

## Russian Minister to Mexico Says Anarchy Exists There and U. S. Troops Should Not Leave

(ASSOCIATED PRESS TELEGRAM) New York, Sept. 26.—Before sailing for Glasgow on his way to Petrograd aboard the Olympic today, Alexander E. Dostalevsky, Russian minister to Mexico spoke freely on conditions in that country, as he said, he found them.

"Mexico is without a government and practically in a state of anarchy," he said. "With the exception of the state of Yucatan, where some semblance of order is still maintained, it is unsafe for a person to travel in Mexico. The bands of brigands that rob, burn and pillage

as they please without interference from the authorities are the cause of all the trouble. There is no interference from the national authorities simply because there is no national government worth mentioning."

"The United States should not withdraw troops from Vera Cruz. From what I was able to observe, there is no prospect that a stable government may be established in Mexico. Carranza is an able political chief but he cannot compare with Villa as a leader of men. I am frank to state that conditions in Mexico today are not one-half as good as they were during the reign of Madero."

## BY RUSS

SMALL DETACHMENT OF RUSSIAN WIPED OUT MUCH LARGER AUSTRIAN FORCE.

Cossack Cavalry Simulated Retreat and Drew Enemy Into Range of Hidden Artillery.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Sept. 26.—(Via London.)—The Russian Slovo has obtained from wounded soldiers, it states, a description of a clever ruse whereby a small Russian detachment in Galicia virtually wiped out a large Austrian force. In its account of the incident it says:

"According to a pre-arranged plan several squadrons of Cossacks and artillerymen simulating retreat, began to fall back rapidly under cover of the infantry.

"The Austrians rose to the bait and emerged from their trenches in pursuit in the direction of a small river where companies of Russian infantry checked the furious Austrian onslaught. Cossacks and artillery, crossing by a bridge, began to entrench themselves on the opposite bank, posting several machine guns while the artillery hid their guns in trenches under the bushes unperceived by the enemy.

"When the preparations were complete for the enemy's reception the infantry hurriedly retreated to the opposite bank where they pretended to set fire to the bridge as though intending to cut off the enemy's advance.

"The Austrian troops, seeing before them a small body of Russians, blindly charged. The enemy's infantry with shouts of victory, approached the bridge while their cavalry dashed through the river.

"Suddenly a terrific explosion was heard and the bridge which was crowded with massed Austrian columns was blown to pieces while on the opposite bank the Russian guns and quick firers scattered death among the advancing Austrians until the river was choked with bodies.

"Panic stricken, the foe attempted to flee, throwing away their weapons but the Cossacks consummated the work of demolition, fording the stream and pursuing the enemy with yells of triumph.

"Half an hour later it was all over and several Austrian battalions had ceased to exist."

## VILLA

(Continued from Page 1.) today still were hopeful that the troubles between Carranza and Villa would be settled without serious fighting.

Villa is said to have 5,000 men on the way to Sonora, and it is believed this force will so outnumber the followers of Carranza that the latter will avoid a fight, thus insuring temporary peace at least. The hope of officials today that actual warfare would be averted was further strengthened by the fact that Carranza has said he will not attack Villa.

Meantime there seems to be little prospect of the American troops being withdrawn from Vera Cruz until the troubles between the two generals are adjusted. General Funston has been notified that Vera Cruz is not to be evacuated "for at least ten days," until the question of the transfer of funds at the customs house there can be settled. Secretary Garrison also has decided to remit the fines amounting to \$500,000 imposed on the Ypiranga, Bavaria and Dania for alleged irregularities in their clearance papers.

Although negotiations with Carranza have come to the point of asking him to name someone to whom the custom house may be turned over, the fact that wires leading to Mexico City have been cut is expected to cause delay in reaching a satisfactory understanding. Officials of the United States, however, are taking into consideration the possibility of Villa objecting to this government constraining the Carranza authority as "the central government in Mexico," and it is believed the large amount collected by American officers in the way of customs will not be turned over to any faction in Mexico but will be held until there is a firmly established government. It is further pointed out that as Villa's principal objection to the government at Mexico City is that Carranza is its executive, some basis for a compromise may be found in the fact that Carranza will retire soon in favor of a provisional president agreeable to all.

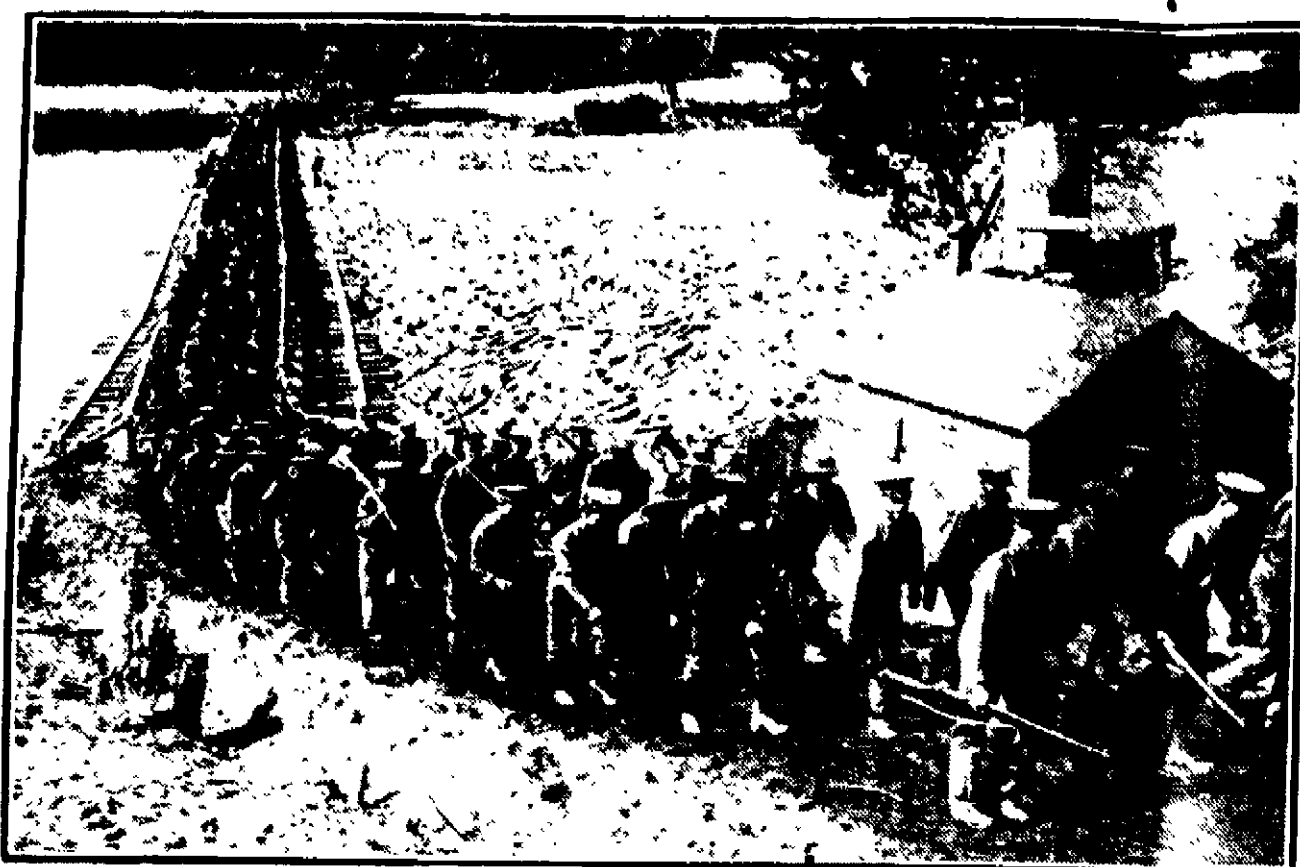

As President Wilson is maintaining a position of neutrality, as between the two factions, he is endeavoring to impress on consular agents the importance of refraining from involving the United States on the side of either Carranza or Villa. Whatever the consuls do will be in the line of aiding the two chiefs or their representatives to come to some understanding.

## FIGHT REPORTED BY REFUGEES; 200 ARE KILLED

(ASSOCIATED PRESS TELEGRAM) Naco, Sonora, Mex., Sept. 26.—Two hundred were left dead on the field between Santa Barbara and Santa Cruz, after the battle between the forces of Governor Maytorena and General Benjamin Hill yesterday, according to fugitive Carranza soldiers. General Hill is here today awaiting orders from Mexico City as to whether he shall make another stand at this point against Maytorena.

Quantities seven hundred of Hill's men have evacuated Cananea and

come here. Seven hundred others were marooned when locomotives pulling their troop trains died from lack of coal about 20 miles east of Santa Cruz. Two other locomotives were sent from here today to rescue the stranded troops.

The rout of Hill's troops yesterday is said to have been primarily due to the wounding of Lieut. Colonel Gomez, commanding the advance guard. Gomez had Maytorena's Yaquis in sight when he received a bullet. Discovering their commander was wounded, Gomez's men fled.

Santa Cruz has been cut off from communication since 9 o'clock last night. General Turbide, the Carranza commander in Sinaloa, is reported to be at Guaymas today with several thousand troops on the way to Sonora to check Maytorena.

## APPEAL TO VILLA TO LAY ASIDE ALL HIS DIFFERENCES

(ASSOCIATED PRESS TELEGRAM) El Paso, Texas, Sept. 26.—General Francisco Villa, who has announced his hostility to Venustiano Carranza, received today an appeal from his brothers in arms at Mexico City to lay aside his differences with the first chief and thus prevent another revolution in Mexico. The message was addressed to Rafael E. Mustiquez, Carranza's consular agent here, who was asked to transmit it to General Villa at Chihuahua.

"We appeal to your patriotism and good will, inviting you to assist us in the pacification of the Republic," said the appeal to Villa, and his generals. "We take for a basis the fact," the communication continued, "that there are no fundamental reasons for the new civil war."

The appeal was signed by Lucio Blanco, the Coahuila leader, who was first to join Carranza in the anti-Huerta revolt; Eduardo Hay, who was one of the first to join Francisco Madero in his revolution against Porfirio Diaz; Rafael Buelna, the "boy chief" of the west coast, who a year of less than 21 years, has fought with Carranza, and J. L. Pasqueira, former governor of Sonora, which state was the first to rebel against the Carranza government.

## AVIATOR TELLS OF DIFFICULTIES AIRMEN UNDERGO

(ASSOCIATED PRESS TELEGRAM) Paris, Sept. 26.—An aviator who has just returned from the front tells of the difficulty encountered by the flying men on reconnaissance duty.

"We were obliged to fly at a height of about one mile and a quarter which makes observation difficult as small objects, even with the aid of strongest glasses, assume unfamiliar shapes and become fog-shortened."

"If we fly under that height we are greeted by a hail of rifle fire which is far more effective than the cannon. We fear the rifles more than the bursting shrapnel, as the fire of the regiments, centered on a single object is far more deadly."

Many of the aviators are carrying

## DECREASE OF UNEMPLOYED IN ENGLAND

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 26.—The following cablegram was received by the British embassy today from the London foreign office:

"In view of the admissions which have appeared in the German press as to the unemployment caused by stoppage of German exports and imports, owing to command of sea exercised by British fleets, it is of interest to state the unemployment statistics for the United Kingdom for the last three weeks shows steady decrease of unemployment."

## ENGAGEMENTS

(Continued from Page 1.) Through such men great quantities of stores were found, and this together with the knowledge of the country gained by such soldier residents have proved of immense value.

The isolation of the Galician stronghold of Przemyśl, heretofore emphasized in despatches from Petrograd as forecasting a triumphant Russian march to Cracow and thence to Vienna and Budapest, apparently has been made complete by the occupation of Khyrow, 20 miles south of Przemyśl and close to the junction of railroad lines connecting with Jaroslau, the important railroad center taken by the Russian troops some time ago.

On the British Isles the public is awaiting with keen interest the outcome of Premier Asquith's appeal to the Irish as voiced in Dublin last night. With a Welsh army corps already in a tentative stage of formation the English believe the Irish will not be outdone.

The late official announcement given out in Berlin according to advances reaching London, sets forth that there are no actual successes to record in the western arena of the war where there have been only a few minor engagements.

Weather conditions have improved along the west wing of the allies and according to an official communication given out in Paris, a battle of extraordinary violence is raging in this locality.

Reports continue to come into London of trouble between Bavarian and Prussian troops in Brussels and it is said that the German military authorities in the Belgian capital have ordered all Bavarians in Belgium to the scene of operations in France. These reports, however, are officially denied in Brussels.

Despatches from Petrograd declare that the Austrian civil government at Cracow has been taken over by Germany. The inhabitants of Cracow are said to be in flight. The city soon will cease its normal functions and be transformed into a great fortified base.

DYNAMITE KILLS BOY.

Akron, O., Sept. 26.—A boy, 12 years of age, John Eaton, of a local bowling company, was fatally injured at noon today when a stick of dynamite he was carrying in his pocket exploded. The lad's right leg was blown off at the hip and his right arm was blown off at the elbow.

## FOOD SUPPLY OF GERMANY.

The food supply of Germany, according to a report from the German government, is sufficient to last for six months. The report states that the German government has taken steps to ensure the food supply of Germany, and that the food supply of Germany is sufficient to last for six months.

## NEW ATTACHES ARE APPOINTED UNDER NEW LAW

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 26.—Under the new law authorizing commerce attaches of the United States at principal world capitals Secretary Redfield today made several appointments including A. T. Huntington, of Ohio, to Lima Peru.

The attaches will serve as the government's business diplomats abroad. They will investigate manufacturing, industrial and trade conditions and their reports will be made available through the department of commerce.

Through the state department there will be accredited to American missions abroad, but will be under the immediate direction of secretary of commerce.

Congress authorized \$100,000 for their salaries and maintenance the first year. The attaches to Great Britain, Germany and France will each receive salaries of \$5,000 a year. The remainder are divided into groups, each receiving \$4,000 and \$5,000.

## HARRY STARR NOT INJURED AS REPORTED

Harry Starr the well known B. & O. engineer residing in East Main street was quite severely shaken up Saturday morning when his engine suffered a collision with a yard engine in the Cannonsville yards. Mr. Starr was not injured beyond a severe jolt and will return home this evening on train No. 101. A rumor had spread over the town that the popular engineer had been badly injured and the B. & O. office was kept quite busy answering inquiries from anxious friends all of whom were pleased to learn that the collision was only a slight one with but little damage and no serious consequences.

## FRENCH REPORT SLIGHT ADVANCE ON THE RIGHT

Paris, Sept. 26.—Heavy fighting is going on at both the east and the west wings of the battle between the allies and Germans in France, according to the official announcement issued this afternoon by the French war department.

Following is the text of the communication:

"First.—On our left wing, between the Somme and the Oise, the battle continues very violently. Between the river Oise and Soissons, our troops have advanced slightly. The enemy has not attempted an attack."

"Between Soissons and Reims there has been no important change in the situation."

"Second.—Off the center, between Reims and Verdun, the situation also is unchanged. In the Meuse region the enemy has been able to cross the river Meuse in the vicinity of St. Mihiel, but the offensive taken by our troops already has, to a large extent, thrown him back upon the river."

"On the south of Woivre our attacks have not ceased to progress. The fourteenth German army corps has fallen back after having suffered great losses."

## ADVANCED

FRENCH TROOPS ATTEMPTING FLANKING MOVEMENT FORCED TO GIVE SOME GROUND

Before Superior Force of Germans, but Afterwards Vigorously Resumed Attack.

(ASSOCIATED PRESS TELEGRAM) Paris, Sept. 26.—For eleven days and ten nights the battle of the Aisne has continued practically without cessation and still Paris waits for news of some decisive result.

Here and there, according to the official communication, the line has given way to one side or the other, but the importance of these incidents, if any, on the final result, has not yet become apparent.

The latest French official statement mentions several such movements. On the French left wing to the northwest of Noyon, where the French apparently have been trying to outflank the German right, the advanced French troops, it is announced, were compelled to give a little ground, having come in contact with superior forces. Fresh troops were brought up, however, and the French offensive was vigorously resumed. The communication says the struggle in this region has become extremely violent.

Similarly on the heights of the Meuse, the Germans have had successes, but they have not succeeded, the French communication says, in crossing the river.

The French report, however, that on their right wing, the Germans have begun to give way to attacks coming from Nancy and Toul, while in the southern region of Woivre, the enemy is also retiring but the action continues.

## MUCH DELAY IN DISTRIBUTION OF TRUSTEE FUND

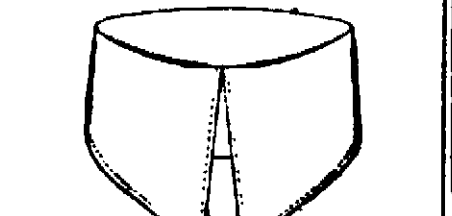

Would be Unavoidable if Gas Decision Stands, as There is Much Clerical Work.

The gas fund in the hands of W. C. Metz as trustee, amounts to date to nearly \$130,000, but the decision does not mean that this money may be disbursed at once. The gas company may appeal the case. In any event much clerical work would be necessary to the proper distribution of the money and this work would require time. This statement is made because it is known that after Judge Jewell in Common Pleas court decided the gas rate case in the city's favor many made immediate application for their share of the fund which is in the trustee's hands. When the matter is finally decided the money will be placed in accordance with the order of the court.

## 10 YEAR OLD BOY STRUCK BY AUTO AND BADLY HURT

Eddie Moran, aged ten, son of Mr. and Mrs. Wm. Moran of East of Hancock was struck by an automobile shortly after the noon hour Saturday and received injuries which while not necessarily fatal will probably keep him bedfast for some time.

The boy with several companions was playing at the foot of the hill about one and a half miles east of Hancock when an automobile came down the hill and the boys started across the road. The Moran boy dropped something and turned back to pick it up when the machine struck him knocking him down and rolling him some distance. He was rendered unconscious and the driver of the machine stopped immediately picked up the little fellow and called to the other boys to telephone for an ambulance. The driver with the injured lad started at once for this city and on the way met the Criss Bros. ambulance which took him to the City hospital where his injuries were dressed by Doctors U. K. Essington and Carl Evans. The lad was badly cut about the head and suffered a number of body bruises.

## HIGH SCHOOL SQUAD IDLE; OTHERS PLAY

Though the Newark high school football squad has no game scheduled for today, the season was opened in Ohio and other states this afternoon. Most of the events scheduled are of minor importance, each team taking on opponents largely for practice purposes. Doane Academy plays East High at Columbus, while Granville high goes to Zanerville. Mt. Vernon was to play Utica but the scarlet fever quarantine there made it necessary to call off the contest.

Among the colleges, Wesleyan goes to Colgate. Case plays at Akron. Heidelberg at Kenyon, Hiram at Reserve.

The players were pleased with the cool weather as the first games are often played when the weather is yet warm, working a hardship on the players.

Newark's first game is scheduled with Granville high next Tuesday. The boys are in good shape for the contest which will be played at White field.

The opening of the season in general shows the following contests today:

**In Ohio:**  
Granville high at Zanerville.  
Antioch at Muskingum.  
Doane academy vs. East high at Columbus.  
Case at Akron.  
Otterbein at Miami.  
Hiram at Reserve.  
Heidelberg at Kenyon.  
Georgetown at Cincinnati.

**In the East:**  
Bowdoin at Amherst.  
Norwich at Brown.  
Carleton at W. Va. Wesleyan.

Sales at Harvard.  
Colby at Holy Cross.  
Westminster at Penn. State.  
Rutgers at Princeton.  
Hobart at Syracuse.  
Gettysburg at Penn.  
Mt. Union at W. & J.  
Maine at Yale.

**In the West:**  
De Paauw at Indiana.  
Bluffton at Earlham.  
Milwaukee Normal at Marquette.

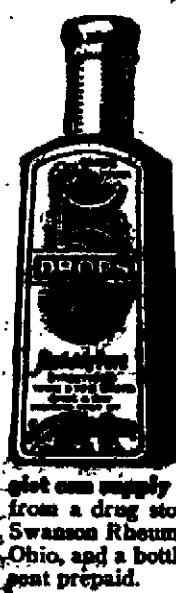

## INDIANA OPENS WITH DE PAUW AS HER OPPONENT

Bloomington, Ind., Sept. 26.—Indiana opens the conference football season on Jordan field here this afternoon with Depauw as her opponent. The game precedes the opening of the university. C. C. Childs, of Yale, who succeeded Jimmy Sheldon as coach at Indiana, has not announced his lineup but said he probably would use a large number of players. It is understood that Depauw's team is much heavier than the opponents.

## WORLD'S SERIES BEGINS OCT. 9, IS THE DECISION

(Associated Press Telegram)  
Chicago, Sept. 26.—Play in the series for the world's baseball championship will begin on October 9, at 2 o'clock. It was announced by President B. B. Johnson of the American League, and member of the National baseball commission yesterday. The announcement was made after a long distance telephone conversation with August Herrmann, chairman of the commission.

## WILSON TO GET PROTESTS FROM OSTEND'S MAYOR

(Associated Press Telegram)  
London, Sept. 26.—The correspondent of the Times at Ostend, telegraphing under date of Friday, says: "The Burgomaster has addressed through the American consul here, to President Wilson, an energetic protest against the German action in dropping bombs on Ostend, which is described as an unjustifiable violation of the rights of the people. 'The consul is telegraphing the protest tonight.'"

## DAUBERT LEADS NATIONAL AND COBB, AMERICAN

(Associated Press Telegram)  
Chicago, Sept. 26.—Jake Daubert is the real leader of the National League, according to figures published here today and including the records of all games up to Thursday. The Brooklyn man has a percentage of .330 and though Erwin, Brooklyn, with .323, precedes him, they have played in only twenty games each, to Daubert's 121. In addition the Nationals three hundred hitters include Dalton, Brooklyn, .324; Becker, Philadelphia, .322; Magee, Philadelphia, .319; Stengel, Brooklyn, .317; Wheat, Brooklyn, .316; Connolly, Boston, .309; Phelan, Chicago, .304; Burns, New York, .303. Brooklyn and New York lead in team batting with .272 and .262. In home runs, Saier, Chicago, is ahead with 18. Burns, New York, leads in stolen bases with 54. Leading pitchers are James, Boston, with 21 won and 6 lost; Rudolph, Boston, with 29 and 8, and Doak, St. Louis, 17 and 6.

Ty Cobb's spur has put him well in front in the American. The Detroit star is hitting .341. Next to him the league's 300 hitters are Collins, Philadelphia, .344; Jackson, Cleveland, .339; Hoblitzel, Boston, .328; Speaker, Boston, .327; Cree, New York, .325; Roth, Chicago, .325; Mitchell, Washington, .318; Crawford, Detroit, .317; McInnis, Philadelphia, .314; Baker, Philadelphia, .310; Fournier, Chicago, .308; C. Walker, St. Louis, .307.

In club batting Philadelphia with .270 and Detroit with .255 are ahead. Baker has the home run record, 9, and Malsel, New York, with 63, the stolen base mark. Best pitchers are Bender, Philadelphia, with 16; Leonard, Boston, 15 and 5, and Plank, Philadelphia, 19 and 7.

## HORSE AND DRIVER SUSPENDED FOR BALANCE OF SEASON

Columbus, Sept. 26.—Driver N. Grady of Philadelphia and the pacer, R. H. Brett, were suspended by Columbus Grand Circuit judges for the balance of this season after the horse, with Fred Jamon substituted for his regular driver, had won the 2:06 pace Friday afternoon. Two heats of the six were decided Thursday in the mud. Baron A taking both. Yesterday's first heat, previous to which Grady was unseated, was won by Major One. Before the start of the next heat, R. H. Brett's hobble was lengthened and he went on to the victory without any trouble.

Over a cuppy track yesterday's racing was done. Robb B. to win the final heat of the free-for-all trot, started Thursday, stepped the course in 2:06 flat. Signal Boy did not win the 2:15 trot until the fifth heat.

There are five races, in addition to the unfinished trot, on today's program. It was announced yesterday a \$5,000 purse will be up for the William-Dirckum 1 special here next Wednesday. Friday's summaries:

2:15 class trotting, 3 in 5, purse \$1200, one heat Thursday: Signal Boy (Wright) won; Belzona (Young) second; Burt Axworthy (Murphy) third. Best time 2:11 1-2.

Free-for-all class trotting, 2 to 3, purse \$1200, two heats Thursday: Ross B (Wright) won; Joan (McDevitt) second; Grace (C. Valentine) third. Best time 2:06.

2:06 class pacing, 3 in 5, purse \$1200, two heats Thursday: R. H. Brett (Grady-Jamson) won; Baron A (Cox) second; Major One (Murphy) third. Best time 2:04 1-4.

2:07 class trotting, 3 in 5, purse \$1200; Bonington (Dickerson) won; Tommy Horn (Owens) second; Bonzo-Lock (Garrison) third. Best time 2:10.

2:19 class trotting, 3 in 5, purse \$1200 (unfinished); Virginia Brooks (C. Valentine) first; Abdella Watts (McDevitt) second; Blue Feather (Cox) third. Best time 2:11 1-4.

## AVIATORS MISSING; INSTITUTE SEARCH; HAD NO PONTOONS

(Associated Press Telegram)  
Los Angeles, Calif., Sept. 26.—Search was instituted last night for Silas Christensen, aviator; C. French, Mechanician, and Lieutenant Morrow of the government aviator school at San Diego, who attempted a flight in an aeroplane from San Diego to Los Angeles. The aeroplane was last sighted during the afternoon flying over the waters near New Port Beach. The machine was not equipped with pontoons.

## FIRST VISIT IN 36 YEARS

Mr. Francis Porter of Wichita, Kas., is the guest of friends in this city and Zanerville, having come here to seek a daughter whom he had not seen since 36 years ago. When Mr. Porter left here he went west and his relatives not hearing from him thought him dead. He enlisted in this city when he was under age and has an honorable military record.

While here Mr. Porter visited Roundbuilders Park, known in the early days as the Old Fort, and there found where he had carved his name and the number of his regiment in a tree on the grounds. While here he learned that his daughter was married to a Mr. Dickey of Zanerville and left for there Friday for a visit after which he will return to this city to attend the Licking county fair next week and will then return to his home in Kansas. Next spring he expects to visit the Panama exposition at San Francisco.

## JAPS LAND IN CHINESE CITY; NO OPPOSITION

(Associated Press Telegram)  
Peking, Sept. 26.—Four hundred Japanese troops occupied Wei-Hsien, in the province of Shan-tung, twenty-one miles south of the Gulf of Pe-Chi-Li, yesterday, following the advance guard of forty men who arrived a fortnight ago, the Japanese have taken over the change of the railway station. The Chinese troops remained in the city, but did not oppose the Japanese. The Japanese are protesting to the Japanese legation today regarding the occupation, as Wei-Hsien is outside the original and the extended fighting zone allocated by the Chinese.

## JAPAN'S EMBASSY MAKES STATEMENT OF CONTROVERSION

(Associated Press Telegram)  
Washington, Sept. 26.—The Japanese embassy today issued the following statement based on official reports from Tokio: "Recent cablegrams from China can only be credited with a grain of salt. There are sinister efforts now being used in China, as elsewhere, to give color to domestic newspaper reports and telegrams going abroad. Groundless reports designed to cast a slur on the reputation of the Japanese soldiers, are thus more or less disseminated. "The alleged ruthless conduct of Japanese troops in Shan Tung said to be contained in a letter coming from Lanchow is nothing more or less than a malicious canard. "In fine, the Japanese soldiers are living up to their reputation as established at the time of the Russian Japanese war and the Boxer trouble. The strictest maintenance of military discipline and the utter absence from unnecessary molestations are their code of behavior."

## RIDDLES

Why are policemen seldom run over? Because they are never in the way.  
When are brothers in a panic, like Pharaoh's daughter? When they save a little prophet from the rushes on the banks.  
What should you do if you split your sides with laughter? Run until you get a stitch in them.  
What man must have his glass before he can do a day's work? A glazier.  
When does a cat grow and diminish? When it is let out at night and taken in in the morning.  
What are the greatest obstacles to a Russian invasion of Turkey? The Balkan mountains.  
Which of the feathered tribe would be supposed to lift the heaviest weight? The ostrich.

## CLIVE ALLISON KILLED BY A FIRE ENGINE

Former Newark Man Struck in Front of His Office in New York City Friday Afternoon.

Word was received in Newark on Friday evening of the death of Mr. Clive Allison, of Wilkin, and was a member of the firm of Allison Brothers of New York City, manufacturers and wholesale dealers in rugs and draperies. A brother Mr. Homer Allison of Moultrie street, received the telegram on Friday evening saying that he had been struck by the fire engine, while in front of the office of the firm in Broadway.

Mr. Allison travelled for the firm and made many visits to Newark, since locating in New York about 10 years ago from this city. He was aged about 42 years, and is survived by the mother, Mrs. Elizabeth Allison, and four brothers, Mr. Homer Allison of this city, Charles R. Allison, Samuel Allison and George Allison of New York. The family is well known in Newark. Mr. Samuel Allison, having conducted a bookstore in this city while Mr. George Allison was for a time at the head of a business college here.

The body will be brought to Newark, probably Sunday morning and the funeral arrangements will then be made.

**STEAMER IS LOST; CREW IS SAVED IN WHALEBOATS**

(Associated Press Telegram)  
Valdez, Alaska, Sept. 26.—A wireless message received by the steamer Alameda and reported today indicates that all officers and crew of the 72 men and others who were aboard the United States revenue cutter Tahoma, wrecked near Kiskadee Island in the western Aleutians, probably are safe. The Tahoma, it is stated, is a total loss.

Those aboard the Tahoma were obliged to use the vessel's five whaleboats, covering between forty and fifty miles of open water to reach Agutia Island, where they are awaiting the steamer Cordova, enroute to take them off.

## PRICE-FIXING OF BUTTER SUBJECT OF INVESTIGATION

(Associated Press Telegram)  
Chicago, Sept. 26.—Charles F. Clyne, United States district attorney, began an investigation today into complaints alleging that the Elgin Butter and Egg board is violating the federal injunction restraining the "price fixing" of butter. The inquiry is a part of the government's investigation of war time prices of food. Complaints against the Elgin board, Mr. Clyne asserted, charge that the board's quotation committee is still in operation in violation of the decree entered several months ago by federal Judge Landis.

## Does It Pay?

Governor Cox has need of placing emphasis on but a single issue in the present campaign before an intelligent electorate. Brought to the final analysis the only issue is that of keeping the faith with the people. And it is up to the people to say.

Does it pay to be honest in public life?  
Does it pay for the man occupying the highest position in the gift of the people to practice common good faith?  
Does it pay to keep platform pledges?

These are the questions Governor Cox might ask and expect the only proper answer.

These things, done in the new order, have never been done before, and unless the people endorse the precedent the state lapses in political morality.

## Lower Tax Rate.

When Governor Cox was touring the eastern part of Looking county last Wednesday talking to the farmers, he assured them that the Warren law would reduce their taxes next December. In support of this he showed them a Saturday's Ohio State Journal from Richmond county.

What has been reported regarding individual tax reductions in various taxing districts is being born out in Richmond County also. In three townships and one special school district reported to the state tax commission it was found that 516 persons will pay \$2,981.50 less taxes this year than in 1913.

In Berlin Township 210 taxpayers will pay \$17,864.45 less. In Richmond Township will pay \$689.77 less. In Washington Township will pay \$449.49 less and 30 in Glenmont special school district will be saved \$63.96.

## Willis Is Coming.

It is reported that Mr. Willis will be in Ohio next week to issue his third and revised edition of the straddling Ohio Republican state platform. He has already issued two editions explaining what the platform means and as these two differ materially from each other it is not known whether this last edition will explain the two former ones or the original document.

The Republican campaign committee is sending out an appeal to "send us a dollar and vote for Willis." They were better to save your dollar and vote for Governor Cox. Member what the Willis crowd did to the state treasury a few years ago? Congressman Willis then a member of the house signed the "whitewash" report of the state treasury examination in 1900. And he did some other things too that are not in keeping with the spirit of the times in Ohio and federal government.

## Spirit of the Press

## Appropriation Bill.

The House had better accept the river and harbor bill as the senate passed it. If it shall initiate the bill the president would be likely to veto it. If the condition of the finances is such that it is necessary to raise additional revenue of \$195,000,000, manifestly \$20,000,000 is quite enough to spend this coming year on rivers and harbors. It is wiser to spend the reduced amount in continuance of projects in progress than to begin new enterprises, and to appropriate the money in a lump to be expended under the professional advice of the engineers, is far wiser than to name every creek and river and to let the money be spent. Indeed all the appropriations for this sort of work ought to be so made. Philadelphia Record

## MISERERE.

Now this mighty war is o'er, and upon fair Zenda's shore the invaders step no more. We shall sing! Now the war dogs bide their teeth and the sword, he has found its sheath. We shall place a gorgeous wreath on our king. He has laid all Graustark low, he has squelched the haughty foe, but he doesn't seem to know why he fought; he is trying to recall what it was that stirred his gall, why his soldiers, heroes all, have been shot. Ah, it is a frightful strain on the monarch's weary brain, and he sits in greivous pain, thinking hard, "what had Graustark done to me, that I seized my snickersnee?"

While he was washing on the tree in my yard? Now so many men are dead, and the lane is painted red, I must harter in my head some excuse! Now the victory is won I must think what she had done, that I made the carnage run like the densest! While the monarch thinks and thinks, with a brain that's full of kinks, all his strict country sinks in despair; for the fields are white with bones, orphans cry and widows moan, and the old men's sobbing groans fill the air. On the farm the starving cow licks the empty manger now, and no more the shining plow cleaves the sod, for the men who tilled the fields and brought home the golden yields now have journeyed on their shields to their God.

In Denver they tell of a young Britisher who will some day inherit a title, and who not long ago married a daughter of a supposedly wealthy man of that town. A month or so after the marriage the father-in-law took the husband aside. "I am ruined!" he exclaimed. "Practically every cent is gone!"

A girl is always very pleasant to a man until she discovers that he is married. Then she doesn't care whether she recognizes him or not when he is around.

Most married men are obedient husbands because their wives won't let them act any other way.

## Real Democracy.

At the close of the first active week of the campaign in which a score of counties were visited, Timothy S. Hogan, appears as the most enthusiastic prophet of the year. He predicts the re-election of Governor Cox and the election of the entire Democratic state ticket by an overwhelmingly plurality. Standing in his prediction the social attorney general, candidate for United States Senator said:

"I saw no evidence of any Democracy other than the old-fashioned kind. I have been in campaigns since 1896. I have never seen any interest comparable to that shown in the meetings we have held."

The crowds were unusually large and the enthusiastic vigor of representative Democrats beat anything I ever saw. I heard Republicans everywhere say they were going to vote for Governor Cox. I never knew so many of our usual opponents declaring in the open that they were going to do. The Governor's explanation of the tax law was clear and convincing. It carried conviction. His address on the state highway situation overwhelmed the Republican brethren. The Republican voters who want good roads declare they will vote for the candidate who offers the best hope and that they have no faith in Congressman Willis' alibi."

Governor Cox said he found nothing so interesting as the response to the question "Shall the people endorse or reject the precedent of platform promises being made platform performances?"

Both Governor Cox and Attorney General Hogan find a strong sentiment for the clean record of the supreme court under the Democratic officials. They report that it looks like there would be an almost unanimous vote for Chief Justice Hugh L. Nichols and great majority votes for both Judge Crow and Wilbur. The people are for these gentlemen and need only to be instructed as to the rotation of names on the non-partisan judicial ballot.

The average cost of killing a man in the wars of the 19th century was \$3677 but probably someone could be found to say that it was worth it in some instances.

## Nay, Nay, Said David Tod.

David Tod of Youngstown, as to intention of being put on exhibition as chairman of the Republican campaign opening at Akron on Saturday. He is possessed of too much wisdom to be caught like the tumbled bird by having salt sprinkled over him.

When the Republicans invited him he promptly declined and he gave a reason that has caused business men to wear broad brims when they read his statement but he made the title ment so positive the matter was dropped and the honor given to a man next in line.

Tod is a big man in the iron and steel trade. The Akron Kathmer on Saturday and in the afternoon Tod said he had urgent business in New York City on that date and in so far as he was concerned he was there.

No one ever heard of important iron and steel trade matters being handled in New York on Saturday before. Now a New York makes Saturday a half holiday and for fifty years the only business done there on Saturday is that not finished Friday night.

Yet Mr. Tod had an important meeting on Saturday afternoon in New York. One needs read the declaration but once to see the lack of interest Mr. Tod has in Republican affairs this year.

They've now figured the cost of the Great War down to about thirty-eight million dollars a day. At that it may be said to be somewhat expensive.

The clarion cry of labor means something. United we stand divided we fall. Vote for Cox or not at all.

It now appears that about all the Republican party has to offer is "let us have the jobs."

With the high cost of living, even the shoe maker and the day laborer keep the only and sole together.

The first meeting of the Coterie club since the summer vacation, was held at the home of Mrs. J. W. Shaw in East Main street on Friday afternoon. The first meeting is entitled President's Day and the following program was given:

Address—Mrs. Frye.  
President's Greeting—Mrs. Brooks.  
Survey of the Calendar—Mrs. Paramore.

Vacation Echoes—Roll Call.  
The guests of the club were: Mrs. F. S. Jones, Mrs. William Morgan, Mrs. Nettie Roe, Mrs. Robert Warman, Mrs. Charles Warman, and Mrs. H. S. Simpson.

Miss Katherine Simonds, formerly of Newark, now teacher of dancing in the Columbus School for Girls, who recently returned from abroad, has gone to New York to take advantage of the instructions offered by Chas. Russian ballet dancer, who has a special class for the benefit of dancing teachers, with the aim of making dancing more uniform throughout the country. There are and have been so many interpretations of the new dances that it is felt that there should be some correct standard established.

Miss Zoe Fulton, daughter of Judge and Mrs. Thos. B. Fulton of East Main street, who has become widely known as an opera and concert singer, and who is now located in Pittsburgh, has consented to spend one or two days each week in this city for the benefit of those who may desire vocal instruction, provided a class of sufficient number can be organized. Inquiries may be made by phone or letter to Miss Fulton, 681 East Main street. 23-24

A number of the friends of Mr. and Mrs. Ora A. Warner, pleasantly surprised them at their home in New Way, the occasion being the celebration of their wedding anniversary. The day was spent informally and a delicious luncheon prepared by the self-invited guests was served. Mr. and Mrs. Warner received a number of gifts as mementos of the occasion.

The guests were: Messrs. and Mesdames L. D. Mathews, George Saxton, George Shockley, Alva Tarr, James Y. Elias, Harry Forsythe, Bert Blanchard, J. L. Rhodebeck, Hallie H. Myers, A. V. Milburn, J. E. Warner, Van H. Warner, Mesdames Mary Morehead, Anna Barrick, Millie Lake, Mina Rhodebeck, Thomas Galbraith, Maggie Gonnell, John S. Graham, Misses Helen Divinney, Vada Saxton, Esther Warner, Elizabeth Elias, Ruth Elias, Mesdames Hayes Graham, Samuel Divinney, Stanley Galbreath, Russell Rhodebeck, Mrs. S. P. Snelling, Mrs. S. L. Courson, Mrs. Milford Griffith, of Newark, Mrs. Milford Griffith and Miss Sarah J. Laymude of Prospect, O.

Mrs. T. E. Adams entertained the members of the Harmonious club on Tuesday afternoon at her home in the Granville road. The hours were pleasantly spent in needle work and a contest in which Mrs. Otto Ramey and Mrs. Murray Connelly received the favors. The luncheon table was centered with pink and white asters, while festoons of greenery were used from the chandelier. A three course dinner was served.

The Tuesday Bridge club will meet Tuesday of next week with Mrs. Howard Maddocks of Twenty-first street at 1:00 o'clock.

The pleasant home of Mr. and Mrs. G. W. Smith, three miles north of Hanover, was the scene of a happy gathering Thursday in honor of Mrs. Smith's birthday anniversary. Mrs. Smith, busily engaged in household duties, was surrounded by a laughing crowd of friends. She acknowledged the completeness of the surprise and welcomed the self-invited guests most cordially, who taking possession of the house proceeded to make themselves at home, bringing forth contents of baskets and packages in preparation for the first number on the program, namely, dinner. At noon the company was seated at two long tables beautifully decorated with flowers, and laden with delicious viands. The afternoon was spent in vocal and instrumental music, rendered by Misses Helen and Dollie Smith and Georgia

Red and green were the predominating colors at the linen shower given by Mrs. J. W. Cooley for Miss Ella Looker, at her home in Clinton street, Friday evening. A guessing game was the feature of the evening, the first prize being won by Miss Mary Nemath, the second by Mrs. James Varner. Miss Looker received many beautiful pieces of linen.

COPELAND—AFRICA.  
On Friday evening at 7 o'clock was solemnized the marriage of Miss Helen Africa, daughter of Mr. and Mrs. Thos. Africa, and Mr. James A. Copeland, son of Mr. and Mrs. J. S. Copeland. The wedding took place in the home of the bride and groom in East Main street, which had been completely furnished.

The wedding service was read by Rev. L. C. Sparks, pastor of the First M. E. church, and the bride was attended by Miss Nellie Smith, while the groom's best man was Mr. Don Wright. The bride wore a tailored coat suit of blue broadcloth, with a hat to harmonize.

Mrs. Copeland is a graduate of the Newark High school and has been in charge of the office of the Avery-Loeb company. The groom is employed by the B. and O. railroad company as a machinist.

Miss Mary Stump entertained a number of her friends at her home in South Fifth street on Friday evening, honoring Miss Thelma Stump of Groveport, O. The hours were devoted to euchre and the prize awards were made to Miss Margaret Caldwell and Mr. Joseph Carr.

The guests were: Misses Thelma Stump, Ella Mast, Margaret Caldwell, Nora Hurlbath, Delcie Reid, Agnes McClain, Elma Steinhauer, Mrs. Plun, Mrs. Ella Young, and Miss Bertha O'Donnell of Bellaire; Messrs. Herbert Kelly, Joseph Carr, William Trefzer, Henry Stough, Henry Vogel, Bal Weimer, Lee Brooks and Harry Armstrong.

The Unity Sewing circle of North street, Granville, O., met at the home of Mrs. C. D. Richards, Wednesday afternoon. Dainty refreshments were served to twenty-five, including the following guests: Miss Kreiger and Miss Nora Norpell of Newark; Miss Katherine Butcher, Mrs. John Showman.

The next meeting will be October 7, at the home of Mrs. George Richards.

The reception given by the boards of directors of the two Christian Associations in honor of the new members of their employed staffs, at the Y. M. C. A. last evening was attended by a number of interested friends. The second floor of the building was nicely decorated with branches of trees and golden rods. Those in the receiving line were Mrs. W. C. Miller, president of the Y. W. C. A., Charles C. Metz, president of the Y. M. C. A., and A. R. Evans, Mrs. F. L. Johnson, officers of the two boards, and Miss Catherine Childs, Miss Ruth Crosby, Wilson Galloway, and R. M. Thompson. A short program was given in Taylor Hall, consisting of music and short talks. Miss Bess Glenn and Mrs. H. F. Montger furnished special music. During the evening an orchestra composed of boys furnished music. The orchestra was directed by Mr. Alva Hayes. Harry Scott, treasurer of the Y. M. C. A., acted as chairman.

## Obituary

Mrs. Elizabeth Amore.  
Word was received of the death of Mrs. Elizabeth Amore, at her home in Alexandria, Licking county, Wednesday, death being due to complications and old age. Mrs. Amore was the oldest daughter of the late J. C. Spencer of Adamsville and is survived by a number of relatives. Since the death of her husband she has lived with her children, her death taking place at the home of her daughter, Mrs. Laura Reese of Alexandria. The funeral was conducted at the home in Alexandria at 2 o'clock Thursday afternoon.

Walter R. Hopkins.  
The burial of the late Walter B. Hopkins, former cashier of the Franklin National Bank, took place yesterday at Millford Center. Funeral services were held at Columbus the preceding day and were conducted by the Rev. L. P. Franklin of Trinity church in this city.

## THE SICK

Mrs. Wilson, who has been suffering the past week with a painful ulcerated tooth at the home of her son-in-law, Mr. Keely of 148 South Fifth street, is reported as being greatly improved today.

Mrs. Charles Long of 262 Backingham street, has been very sick for the past two weeks with pleurisy and neuritis.

Mr. William Kane of 17 Spencer street is confined to his home by sickness.

The Baxter & Bradley ambulance removed three patients from the City Hospital Thursday. T. J. Dodson was taken to his home, 29 Wing street, the young son of J. N. Bradley was taken to the Bradley home, 125 North Fourth street, and Mrs. Ray Wolford was taken to the home of Frank Agnew, 16 North Morris street.

## Personal

W. Murphy of Medina, N. Y., was a business visitor in Newark on Friday. A. S. Chaffant of Columbus spent Friday in Newark with friends.

Mr. Ivan Schrider of Yost, O., spent Friday with friends in Newark.

Mr. and Mrs. G. W. Rugg have returned home from a trip to New York City and other points of interest.

Mrs. Harry Kale of Ash street will leave today for Wheeling, W. Va., where she will spend a few days.

Misses Lena Wolfe and Ida Crawmer were in Alexandria on Friday attending the W. C. T. U. convention.

Charles J. Ward left this morning for Boston, Mass., where he will resume his school studies in the Massachusetts Institute of Technology.

Mr. and Mrs. Bradford Bollwine have returned to their home, 125 South Fourth street after spending a month in Groveport, O.

Mr. and Mrs. Walter P. Ferguson have moved to their new home, 116 Hudson avenue, from the corner of St. Clair and Elmwood avenue.

Mr. and Mrs. John Hoover, former residents of Newark, now of Cincinnati, are visiting at the home of Mr. and Mrs. Charles Hoover.

## VIRTUES OF VINEGAR

Vinegar is useful in many ways other than culinary. It will remove shoe blacking from clothing. It will remove fly specks from almost anything—windows, picture frames, woodwork, etc.

Vinegar is something of a tonic for the complexion. It cures roughing of the skin and chaffing if applied after washing the hands. It should be permitted to dry on.

It will soften a paint brush on which the paint has been permitted to dry. Heat the vinegar to the boiling point and let the brush simmer in it a few minutes. Then remove it and wash it well in strong soapuds.

Vinegar removes dirt and smoke from walls and woodwork, especially yellow pine. It should be applied with a flannel cloth and the flannel washed out in clear water as soon as it becomes soiled and before being dipped into the vinegar again.

## ETIQUETTE RULES

Most of the rules of etiquette are based on kindness and unselfishness. No woman is flattered by the enthusiastic announcement of a man that he "would do anything for the lady." Everything for the "lady" would be more to her taste.

Don't acknowledge the receipt of a favor with the commonplace generalities. "It is my greatest pleasure to serve my friends." Find something personal to say.

A man's calling card is smaller and thinner than that of a woman, always with the prefix "Mr." before the name.

## IMMUTABILITY.

Woman began at zero and has through ages slowly unfolded and risen. Each age has protested against growth as unsexing woman.

Men might spin and churn and knit and sew and cook and rock the cradle for generations and not be women. A woman will not become man by external occupations. God's colors do not wash out. Sex is dyed in the wool.

—Henry Ward Beecher.

## Her Infinite Variety.

Some of the occupations now open to women are laundry overseers, landscape gardeners, dietitians, social secretaries, farm managers, interior decorators, photographers, chemists and bacteriologists.

While Mayor Bauer of Lafayette, Ind., was attending a convention in another city Mrs. Elizabeth Yonkers assumed the duties of mayor and was in full charge of all departments of the city government.

Mrs. Charlotte Hunt of California is the oldest known blind woman able to read from embossed type. She is now ninety-one years old and learned to read by the embossed method when she was eighty-nine years old.

## CURIOSITIES.

Do not throw beet tops away. They are an excellent substitute for spinach.

Lemon and orange rinds may be dried, grated and bottled to be ready for use.

To wash light colored silk gloves successfully put them on the hands; fasten at the wrist.

Shrink woolen darning yarn in the steam of a teakettle before mending the stockings with it.

To keep thread or silk from knotting as you sew try soaping it with a bit of pure white soap.

To take castor oil easily put orange juice in a glass first, then the oil, then more orange juice.

Mend the boy's trousers on the sewing machine and the patch will not pull out as if done by hand.

A strong solution of borax and hot water poured down the sinks and drains will rid them of any offensive odor.

Acid fruits should never be prepared with a steel knife. The best preparing tools are nickel or silver knives.

Flight of the Noctuary.  
Dr. Elodie of London says that butterflies tend to travel either against or across the wind. This direction may be directly determined by the action of the wind, or indirectly, owing to the flies being attracted by odors borne by the wind. Fine weather and warmth favor dispersal, and flies travel further in the open country than in towns—probably because the houses offer food and shelter. In thickly wooded localities the usual maximum flight is about a quarter of a mile, but in one case a single fly was recovered at a distance of 170 yards—partly over open ground. When out free in the afternoon flies do not flutter so well as in the morning. Liberated flies often mount almost vertically to a height of sixty-five feet or more.

Colors and Moods.  
People to whom certain colors represent sounds or emotions have long been laughed at but scientific work on the sun's rays is proving them to have justification for their theories.

Red, it appears, is the most exciting and stimulating of all colors and has a special effect on the activity of the brain. Blue, which so many people in an age of great nervous strain and tension find soothing, is so in reality. Unless you are in a depressed and melancholy state sea blue curtains at your bedroom windows have a beneficial effect, especially if you face south and get the morning sun.

Color indeed, especially in flowers, has an extraordinary effect on the mental condition. The sight of crimson, pink and amethyst rhododendrons growing in the open air has a curiously uplifting and joyous effect.—New York Sun.

A True Prodigy.  
On June 27, 1725, died Christian Hecken. He was only just five, but was already famous. Within a few hours of his birth he could talk and with sense. At ten months he could talk with ease on most subjects; at twelve months he was thoroughly conversant with the Old Testament and in a month made himself equally conversant with the New. Conversant with things sacred, he turned to things secular and at thirty months could answer any ordinary question in geography and history, ancient as well as modern, and when he was taken on a visit to the court of Denmark he conversed in Latin and French. He was then four. But nature had not balanced his prodigious mental digestion with a satisfactory bodily one, for his death at five years of age was due to a change in his food from milk to meat.—London Teller.

The Middle Finger.  
Why is the middle finger of our hands so much longer than the little finger, and why is the thumb so stubby and short when it would be much more convenient if it were longer? One has to go way back not only centuries of time to find the answer to this "Why it is?" In the history of mankind's beginnings we find that before man saw even the dawn of civilization he used his hands as well as his feet to walk. Now if you will spread your fingers on the floor as if you were going to stand on them you will see what a good arrangement it was to have the fingers of different length; they give a well balanced support that fingers of equal length could not give. So it was to help prehistoric man and not man of the twentieth century that nature gave us fingers of varying length.—Wisconsin State Journal.

A Costly Dramatic Lesson.  
Probably the most prominent manager in the United States was rehearsing an actor in one of his companies at the New Amsterdam theater. The particular line which the actor was trying to speak to the satisfaction of the manager was the familiar, "I love you!" But, although he spoke it fervently again and again, the manager was not pleased.

"No, no, no," said he. "That's not right. Now say it the way I say it," and the manager, snatching the actor to the word in a voice almost tremulous with sentiment, repeated, "I love you!"

"Say it like that," he said. "It cost me \$1,000,000 to learn to say it like that, while I'm actually paying you \$300 a week to say it. I hope you can appreciate the difference!"—St. Louis Post-Dispatch.

First Fiction Known.  
The "Tale of Two Brothers," written 3,200 years ago by the Theban scribe Chnupha, librarian of the palace to King Merneptah, the supposed Pharaoh of the Exodus, is the oldest work of fiction extant.

The tale was written apparently for the entertainment of the crown prince, who subsequently reigned as Seti II. His name appears in two places on the manuscript, probably the only surviving autograph signatures of an Egyptian king.

This piece of antique fiction, written on sixteen sheets of papyrus in a bold hieratic hand, was found in Italy by Mons. d'Orbigny, who sold it in 1857 to the authorities of the British Museum, where it is now known as the D'Orbigny papyrus.

## EQUAL SUFFRAGE

They were discussing politics, war and what not, when one man in the party made reference to the suffrage movement. Another quickly observed that he "wouldn't want one of the strong-minded women for his wife," whereupon a third member of the group remarked that "it is probable no strong-minded woman ever has or will propose marriage to you," and he followed it up by adding: "Probably if you are persistent in your search you can find a wife no stronger-minded than yourself, though it may take both time and patience."

This little controversy brought forth further talk on the subject, and in arguing for equal suffrage, one said:

"Because studious women have led in the fight for the ballot, it is assumed that suffrage would miraculously make all women into college professors, overlooking the fact that man suffrage has not made a Thomas Jefferson out of all men. To be consistent, such objectors ought to do away with all schooling for women. Scarcely a hundred years ago it was considered unwomanly for a wife to know more than bare reading and writing. Five hundred years ago the alphabet was superfluous to a lady and to many gentlemen, too. If a man wishes a domestic animal in his home, he ought to say so, right out. He should not engage in the pretense of calling her his partner."

Frau Schwimmer, once a girl reporter on a Buda Pesth paper, will lead the suffrage parade in Cleveland Oct. 3. Mrs. Frances Casement, over 80, will go from Palmyra to attend, and Mrs. Caroline Addams, 87, secretary of the first Ohio suffrage convention in 1850, will march in the parade. A men's section of 1000 is being planned.

## The Courts

Step-father in Court.  
George Garrett, 45, who has been living in "Possum Hollow" north-east of the city was arrested Friday evening by Juvenile Officer John Dwyer on a paternity charge filed by his step-daughter Geneva Garrett, 15.

Garrett had his hearing before Probate Judge Hunter Saturday. Garrett pleaded guilty and was sentenced to serve six months in jail, the costs of the case, and is to provide \$4 per week after his release for the support of the child. The parties are colored.

Contest of Will.  
John Franklin Yoakham has filed a petition in the court of common pleas against his sister, Mary Elizabeth Moore, seeking to invalidate the will of their mother the late Mrs. Esther Yoakham, in which the defendant was named as the sole legatee. Plaintiff claims that it is not the last will and testament of Esther Yoakham and should be declared null and void.

## Bridal Superstitions.

The bride must never dress in her complete wedding splendor before the ceremony.

She must put on her right shoe first and not try on her ring before it is placed on her finger at the altar.

She must not take any hand in making her bridal gown or her wedding cake.

However happy she is, it will be wise for her to weep a little on her wedding day.

She must not look at herself in the glass when ready before she is married.

To find a spider on her wedding gown is a sure sign of happiness to come.

To dream of fairies the night before means that she will be thrice blessed.

Should she see a coffin as she starts on her wedding tour she must turn back and start again.

It is considered a most unlucky omen if the ring falls to the ground during the ceremony.

It is better to be single than marry on board ship.

To give a telegram to a bride on the way to church is unlucky for it portends ill to come.

## Consumers Prefer To Buy Articles Advertised in This Paper

Advertising is the most potent factor of the age in educating consumers.

This education has proven of great advantage to consumers, because they can now make their purchases with intelligence and absolute security.

They know that the manufacturer who puts his name or trademark on an article and advertises it must maintain its quality.

It is an established fact that advertising helps manufacturers build a reputation for their products; but, to sustain the reputation, the quality must be maintained.

Advertised products are, therefore, in a sense, a protection to the consumer. They are a guarantee of uniform and permanent quality.

Be on the safe side. Always buy advertised products; ask for them by trade-mark name or by manufacturer.

Remember this—Every time you go to the store to buy soap, perfume, household medicine, paint, varnish, automobile tires, food products, chewing gum, corsets, underwear, shirts, collars, shoes, hair tonic, tooth paste or powders, grape juice or soda fountain drinks, etc., etc., whatever you want, ASK FOR IT BY NAME of manufacturer or trade-mark brand, and insist on getting it.

Do not accept substitutes.

TO AID SOUTHERN COTTON STORAGE SITUATION SOON

Washington, Sept. 26.—Arrangements were perfected today by the interstate commerce commission, in connection with the treasury department and the federal reserve board, to relieve the cotton storage situation in the south.

These branches of the government have joined in assisting cotton planters and railways of the south in meeting the extraordinary demand for the storage of cotton occasioned by the European war.

Corn turned downgraded with wheat. Favorable conditions for maturing the new crop led to bearish sentiment. After starting 3 1/2 to 4 for pieces, it fell to 2 1/2 to 3 for pieces, then to 2 1/4 to 3 for pieces, and finally to 2 1/4 to 3 for pieces.

WEDDING CEREMONY AT THE A. M. E. CHURCH WEDNESDAY EVENING

Uplifting the Lives of Well Known Young Colored People of This City—Out of Town Guests Were Present.

One of the most beautiful weddings of recent years among colored circles was that of Wednesday evening when Mr. Duane Nickerson and Miss Gertrude Ross were united in holy wedlock. The marriage took place at the Trinity A. M. E. church in the presence of a large circle of relatives and friends. Rev. W. P. Meyers, pastor of the church officiated.

Mrs. Ben White of Coshocton, Ohio, sister of the bride presided at the piano accompanied by Mr. Earl White of this city as violinist. To the strains of Mendelssohn's wedding march the bride party entered as follows: First the groom and his best man, Mr. Samuel Weaver; then the bridesmaid, Miss Grace Rossin, followed by matron of honor, Mrs. Raymond Marchant of Indianapolis, then entered the bride with her brother, Mr. Harry Rossin of Coshocton, Ohio, who gave her away. The bride, wearing the charming A. J. Rossin looked lovely in a gown of white silk crepe de chine over white messaline, the only trimming being a pearl ornament on bodice. The gown was made en train. The bride wore a full length veil caught with white lilies of the valley. The bridal party stood before an altar of stately palms and ferns. Following the ceremony a reception was held at the home of Mrs. A. J. Rossin on Thirteenth street. The house was beautifully decorated with a profusion of flowers. The color scheme of pink and white was carried out in the dining room with white candles in cut glass holders with pink shades, having pink ribbon streamers connecting at the candlesticks to the candlesticks, which were placed at each corner of the table. A large bouquet of pink and white roses formed the centerpiece. Elegant refreshments were served the guests. The bride received many costly and useful presents.

The out of town guests were: Messrs. Leonard Nickerson of St. Louis, James Nickerson of Columbus, Ohio, brothers of the groom; Mr. and Mrs. Ben White and daughter Helen Ernestine of Coshocton, Ohio; Mr. and Mrs. Harry Rossin and children of Coshocton, Ohio; Miss Bess Johnson of Franklin, Ohio; Mrs. Jerry Peterson, Columbus, Ohio; Miss Elizabeth Peterson, Columbus, Ohio and Mrs. Raymond Marchant of Indianapolis, Ind.

Mr. and Mrs. Nickerson will be at home after October 1st at 463 Grandville street, this city, where the groom has a lovely home furnished for his bride.

**H. H. SHAUCK REAL ESTATE BULLETIN**  
I have ten acre lots left on Sixteenth street for sale as a whole, or separately, at prices equal to what some people are paying for small town lots that the location is no better and farther from street car and square than these are located. Price right if sold this fall. No. 1 have not yet sold the store building with modern flats above, that will pay 11%, and better on the investment. However, it is exactly as represented, in first class condition, an exceptional bargain, and good reasons for selling. I have a good dwelling and streets combined with a little ground, in a good little town that parties will sell cheap or take a good automobile in exchange for part payment. I actually have over two hundred and fifty dwellings in town for sale that some of them can be bought with below cost, and most of the rest at an honest price a great many first class and desirable homes and quite a few good cheap homes and rental properties, some good farms, that can be bought right. At your service day and night, pleased to show you property at any time.

**Honey Boy Evans at the Auditorium Tonight.**

The new program of minstrelsy which George Evans and his Honey Boy minstrelsy will offer at the Auditorium tonight, promises to be fully up to the high standard which this organization has set for the past six years. The scenic and costume accessories are entirely new and the big company numbers such favorites as Arthur Higby, Sam Lee, John P. Rogers, William H. Thompson.

met with renowned success on her last visit. Her manager Mr. Sine, has surrounded his little star with a much stronger cast and the latest New York dramatic offerings each day being mounted and staged correctly with a lavish display of scenic and electrical effects that will be on a par with any of the high class plays given at \$1.50 and \$2.00 presented by this company are given at popular prices. Many of the skeptical ones say "How can they do it for the money?" that question is easily answered, this dainty little star with her Own Company plays to the masses. son, James Meehan, Jimmy Doherty, Tommy Hyde, Will Cawley, Leroy "Lasses" White, Carl Fletcher, Charley Ufer, Eddie Gilton, Willie Newsom, and Eldon Durand, an impersonator of girl-kind, who is said to bring to this production a wardrobe costing thousands of dollars. A special feature of the singing corps in the beautiful Panama Exposition First Part scene will be the introduction of Master Paul Van Dyke, a Swiss Yodler, new to minstrelsy.

"Honey Boy" Evans is this year making a hit with his talk on the present European war and it is a scream from the start to the finish. He uses in his talk on this subject a large war map which takes up the entire stage.

**At The Auditorium Fair Week.** Miss Winifred St. Claire and her own company management of Earl D. Sipe.

Ambition is a small word, but it certainly does mean much, many young people think that they have ambition to do certain things, but when it comes right down to the point they seem to fall by the wayside. Not so with Miss Winifred St. Claire, she always has succeeded in grasping the goal of her ambition, and that was to be one of the foremost stars in her profession today and who is now making her second annual tour of the East, where she

pany will open an engagement at the Auditorium fair week. Starting Monday matinee Sept. 28. The opening play will be *Sauce for the Goose*. Usual ladies free tickets Monday night if bought and paid for before 6 p. m. Seats on sale at the box office. Matinees daily.

**Plays for Next Week by Winifred St. Claire at the Auditorium.** For Monday matinee and night "Sauce for the Goose" a light comedy in which Grace George made her greatest starring success.

Tuesday matinee and night "Talker" a play of the moment written by Marion Fairfax. This play was first produced by Tully Marshall.

Wednesday matinee and night "Alice of Old Vincennes" a romantic drama of colonial days. The play is built around the city of Vincennes, Ind., which was presented last season by Gertrude Coghlan and all star cast.

Thursday matinee and night "Amy of the Circus." A play of today dealing with circus life.

Friday matinee and night "Kindling" written by Chas. Kenyon and starred by that successful actress, Margaret Illington. This play is a modern drama of intense interest.

Saturday matinee "Cinderella" the well known fairy story written and brought up to date. A play which will please every man, woman and child.

## Richard Wagner's Son-in-Law, Himself an Englishman, Blames Great Britain For Present War

(Associated Press Correspondence)

Berlin, Sept. 10.—Houston Stewart Chamberlain, the well known English author who married a daughter of Richard Wagner, and who has lived many years in Germany and Austria, is deeply disappointed with England because of its declaration of war upon Germany. In a letter which has appeared in the German press he says he holds England chiefly responsible "for the terrible disaster that has broken upon Europe," and he can only explain the action of England by assuming that it has been smitten with blindness.

In answer to a correspondent, who had suggested that he write a protest against England's course and have it published in England, he further wrote: "The moment for such a protest has not yet arrived. The English must first bear the consequences of their disgusting course in the form of heavy blows; after that they can be reasoned with. May God protect the glorious cause of the Germans; there is no other hope for the future of the human race."

German professors and men of science have made a strong protest against England's course by renouncing all the honorary degrees, titles, and other marks of distinction conferred upon them by English universities, academies, and other bodies of English scholars. They have published a declaration on the subject, as follows:

"England has declared war upon us under a hollow pretext which is at least of all justified in view of English history, and the true character of which is laid bare by numerous documents. Although England is related to us by blood and race it has, out of a contemptible envy of Germany's economic success, incited other peoples against us for years, and, in particular, it has allied it-

self with France and Russia to crush us as a world-power and to endanger our cultural achievements. "It was only because they were able to reckon upon England's cooperation that Russia, France and Japan threw down to us the gauntlet of war. England bears foremost of all, the moral responsibility for this conflagration of the nations, which will result in frightful suffering for millions of men and will demand unheard of sacrifices of blood and treasure. England's brutal national selfishness has placed an indelible blot upon its name.

"We are well aware that very eminent English scholars, with whom German men of science have for years been in friendly and fruitful relations, were opposed to this war so wantonly begun, and spoke against it. "Nevertheless, those of us who have received marks of distinction from English universities, academies, and societies of scholars do renounce as a matter of national feeling, all such honors and the rights attached to them."

This declaration was published with some thirty signatures, and other signatures are coming in daily. Among the signers are many men with world-wide reputations. They include such medical men as von Behring of Marburg, Paul Ehrlich of Frankfurt, Czerny of Heidelberg, August Bier of Berlin, and Otto von Schjerning of the General Staff of the Army; philosophers like Rudolf Eucken of Jena and Weissman of Freiburg; law professors like Paul Laband of Strasbourg, Josef Kohler and Franz von Liszt of Berlin; the political economist, Joseph Wagner of Berlin, and Jacob Riesser the specialist in the science of banking; the composer Humperdinck and the painters von Werner and Liebermann.

## AERIAL BOMB IN ZEPPELIN DEPOT CAUSES DAMAGE

(Associated Press Telegram)

Geneva, Switzerland, Sept. 25, via Paris, Sept. 26.—A telegram from Basel states that the recent English aerial raid on Dusseldorf, a depot for Zeppelins, resulted in the damage of one Zeppelin, but the extent of the injury wrought is not known. A second bomb is reported to have destroyed part of a machinery shed in the vicinity containing duplicate pieces for the air craft, while a third bomb fell in a meadow. No deaths are reported.

As an immediate result of the aerial raid, says the telegram, all cathedral towns along the Rhine, especially at Cologne and Strasbourg, are now flying large white flags, while the dimensions of the Red Cross flags on the hospitals have been increased.

ROLAND LODGE, K. OF P.

One new application was received and the Page rank was conferred at last Tuesday evening's meeting of Roland lodge, No. 305. It was extremely hot, but a good number of the members were on hand. Trustees T. C. Hawkins and Henry Pfeffer, who are aiding in financing the new Pythian building, made stirring talks regarding this great project. It was decided not to confer the Knight rank Oct. 6, the date of the grand chancellor's visit, but instead have a good get-together session, with talks and refreshments. It is earnestly hoped that a very large crowd will be out that evening and many as possible bring in applications. Everything points to a rousing gathering of the clan. Esquire rank next Tuesday evening.

More than 67,000,000 pounds of aluminum were consumed in various industries in the United States last year.

## ADMITS SHOOTING, TO SAVE HUSBAND FROM PRISON TERM

(Associated Press Telegram)

Chicago, Sept. 26.—To save her husband from imprisonment, Mrs. William Mead surrendered to the police here today after admitting that she was wanted in Brookhaven, Miss., for shooting Edgar Grafton, who she said was a wealthy lumberman. Her husband, she told the police was indicted for the theft of funds with which he aided her in escaping. "I've been going from city to city to escape the law, but I love my husband and want to be with him," Mrs. Mead said. She told the police that her parents live in Cincinnati and are wealthy, but refused to tell their names.

## CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system that constituted waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

## PROMPT TREATMENT WAS LACKING AND MANY WOUNDED DIE

(Associated Press Telegram)

Paris, Sept. 26.—The Matin publishes a dispatch from Basel, Switzerland, addressed to the Fournier agency, which says that Germans in flight from Lorraine declare that during the attack upon the entrenched camp at Verdun the Austrian and German artillery had ten thousand dead and fifteen thousand wounded. Many of the wounded died where they fell, it is stated, owing to lack of prompt treatment.

BETTER THAN SPANKING.

Spanking does not cure a child of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

## UNION CENTER.

Mrs. Henry Schaad was in Granville Thursday.

Mrs. George Bowers and son Raymond spent last week with her sister Mrs. Charles Wintermute.

Mrs. Jesse Isabelle gave a platform dance Friday evening which was well attended. Ice cream, and cake were served and the crowd spent an enjoyable evening.

Mrs. Thomas Woolard and children of Hebron spent a few days with their parents, Mr. and Mrs. Henry Schaad.

Mr. Ray Wintermute made a business trip to Alexandria Thursday.

Mr. Arthur Jones attended the Hartford fair Wednesday.

Mrs. Lewis Edwards made a business trip to Granville last week.

The district schools have commenced and the children are glad to resume their studies once more.

Mrs. W. D. Fulton of Newark spent Sunday afternoon with her brother, C. A. Wintermute.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running, sore or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. J. C. HENNEY & CO., Toledo, Ohio. Sold by Druggists.

Take Hall's Family Pills for constipation.

## "JOSH WISE" MAKES TIMELY REFERENCE TO "SLOW POISON"

Solving a Problem—Why the "Occasional" Becomes a "Regular" Drinker.

Old "Josh Wise" put a new label on whiskey the other day. He called it "slow poison." The newspaper paragrapher really hit hard upon truth. Every poor staggering soul, with tongue thickened and eye glazed, is really poisoned. His brain is affected by the poison which is in every drop of alcoholic liquor. Alcohol used to be considered as the great exhilarator, but modern science knows better than that. Practical tests prove that after even one drink, one's faculties are slowed down and because of these tests business has issued the general order. Cut out the drink or quit work.

"Slow poison" accumulates in the system of every drinker, and it is this poison which makes a "regular" out of an occasional drinker. The man who boasts "I can drink or let it alone" is always poisoned and offering an alibi for himself as he slips farther and farther into the grip

of the destroyer of health, home, happiness and business. To get rid of the effects of "slow poison" the New Treatment is suggested as most effective. It is a harmless vegetable remedy, taken internally, with no dangerous hypodermic injections, which in three days changes craving desire for liquor into intense dislike of everything alcoholic.

Mr. Drinker, give "Slow Poison" a knock out. Don't stick to booze until you join the Down and Out. Make a man of yourself. Put the question to your own better self. What good thing ever came out of drink? Then go to the Cleveland Neal Institute and get fitted up to fight the good fight with your brain clear and all the poison out of your system. There's no publicity. Send for free booklet. The Neal Institute, 7420 Euclid avenue, Cleveland, O. Telephone East 3390, Central 2137. (Near Ohio Neal Institutes at Columbus and Cincinnati).

**Y. W. C. A. NOTES**

Miss Mae Lamp returned this week from a week's vacation in the country.

Mrs. Pierce, house secretary, is enjoying a two weeks' vacation with her parents in Richmond.

The tennis enthusiasts are making the most of the fine weather and the special offer of 50¢ membership in the tennis club for the remainder of the season.

The Y. W. C. A. will have a rest tent at the fair next week for the convenience of all women and children. This will be the headquarters for all Y. W. C. A. members and their friends. Posters and literature announcing this year's work will be found there.

Miss Katherine Childs will give demonstrations in cooking Wednesday and Thursday afternoon at 2:30 o'clock at the Y. W. C. A. tent. Miss Childs is a graduate of Pratt institute, Brooklyn, and has had most valuable experience in teaching domestic science, having taught in the North Dakota Agricultural college, the Y. W. C. A. in Minneapolis and Cleveland. She has also been head dietitian in Johns Hopkins hospital. This of itself speaks well for Miss Childs' ability. Many very attractive and helpful classes in cooking are being offered at the Y. W. C. A. this fall.

**Y. M. C. A. NOTES**

The members are glad to greet Russell Long again. He has been confined to his home for sometime with rheumatism.

The class in English for foreigners will begin October 5. This class will meet twice each week, and the teaching will be done by young men of Denison University. The tuition fee is \$1.00 per month.

One of the Roumanian members, Pantilimon Chima, has reported the arrival of a baby girl to gladden his home. Congratulations.

John Taylor of Lancaster and L. N. Moore of Zanesville, formerly of Denison University, have taken up their residence in the dormitories.

The following magazines are on the reading table: Outlook, Munsey, Survey, American, Collier's, Review of Reviews, Scientific American, Popular Mechanics, Popular Electricity, Everybody's, Saturday Evening Post, Sunday School Times, American Boy, St. Nicholas, Literary Digest, Baseball, and other periodicals. The members should use the reading room during the winter months. This is the way to become educated.

Word comes from Columbus that Former Assistant Secretary Mr. Leo Mayles, who was reported in last week's Notes as sick, is better and will enter Ohio State soon.

Elsewhere in this issue appears the gymnasium schedule. It is the desire of the Y. M. C. A. to make this department available to every man and boy in the city. Any one wishing to get into a class where none seems convenient, will confer a favor upon the physical director if his wants are made known. Special classes will be arranged for gladly, if the demand warrants.

Work in the gym will not make one a champion "strong man," nor give him the muscles of a Hercules; but it will give a man an hour and a half of good solid body-building exercise and recreation at each class session that will increase his efficiency and produce added vitality and zest for the daily duties. Try it.

**High School Notes**

Visitors at the High school yesterday were: Philip Rhodes, Mary Strawn, Esther Smith and Hills Lamp of last year's class, and Grace Marvin. Rev. W. D. Ward, Rev. L. C. Sparks.

The football team plays its first game next Tuesday after school with the Granville High team at the White Athletic Field. No admission fee is charged as this game will be simply a practice game.

The Boys' Athletic Association elected Frederick Jones manager of basketball for the coming season. Frederick knows the game well and besides is one of the best athletes of the school. He was the only one from Newark High last year to secure a point in the state meet at Columbus.

The High school orchestra consists now of thirty-eight members. The orchestra will be a great feature of the school this year. Mr. Klopp may well feel proud of such an organization. We question if there is another such high school orchestra in the United States.

Mr. Homer D. Place, who spent several months in Arizona, presented to the school many specimens of ore and other rock formations. The high school appreciates the gift and desires to recognize the thoughtfulness of Mr. Place in making a present of these to the school.

The faculty elected Charles Allen school treasurer for the ensuing year. This is quite an honor and responsibility, as the position involves the handling of the money of the various organizations of the school.

In the absence of Mr. Chalmers Parker this week, Miss Emma Sparks is substituting in his work, mathematics.

Howard Skinner is very ill at his home in the country. Some time ago Howard was in a runaway and sustained injuries that have since caused lockjaw. The school sympathizes with him in his sickness and hopes for a recovery which seems doubtful at this time.

There are eleven in the normal

# Seeing An Opportunity And Helping!

It is time to be "up and doing."

The future is bright and promising but there must be foundation work done in the present.

Every day has its own activities; every individual has his own responsibilities; every community must buckle down to work.

Some critics say the world is not growing better—some optimists claim it is better all the time.

Whatever steps are taken in advance, someone must be responsible for the work—and he must have a legion to help him.

Each must lend a hand to help the cause and to do this must look up, not down; look out, not in! Little waiting is likely to result in vain hoping.

To get full value from church work we must put valuable efforts into that work.

Substantial hope for success results from earnestness and activity.

In every church of this community there are places which ought to be filled by those who have been neglecting church work.

In every congregation in this community there is a welcoming hand, and a hope that the spiritually unemployed get busy.

In every normal character there is a desire to do something and be something that will be for the benefit of the world in general.

Organizing the recruits into companies is of the utmost importance, and gathering in recruits makes happy hearts everywhere.

The work of the church is done by voluntary—the individuals who appreciate what ought to be done, and who realize that there is some one thing, or some few things, which each individual can do best.

What is needed today is a willing constituency that will assist the church organizations in carrying forward the great work which is so important—the evangelizing of the world.

There is something for everyone to do and each, taking up his own task, will enable the church to make good progress.

The possibilities of the present are here because the foundation was properly laid in the past.

The work of the future depends on the foundation that we are laying, or repairing, or conserving. Much remains to be done; much depends on what is done now; much depends on what we ourselves do.

We must give a good account of the way in which we have met our responsibility. Can you?

## GLASS OF SALTS CLEANS KIDNEYS

If your Back is Aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

**MODERN WOODMEN**  
Cedar Camp No. 4727 M. W. of A. met in regular session on Wednesday night with all officers and 60 members present and enjoyed one of the best meetings that has been held by the camp for some time. Considerable routine business was transacted and the most important business was the selection of the Local Camp Deputies to solicit new members for the camp. Neighbors Jas. L. Lafever, Edw. B. Pratt, Frank W. Maranville and Homer Wells were selected to act as Camp Deputies and it is now up to the members to get busy and bring in the prospects. The following proposition has been adopted by the camp and it should interest every Neighbor and that is, to the member who secures the adoption of a new member assists the local Camp Deputy in securing the application of furnishing the Deputy with a prospect that becomes a member of the camp, will receive the amount of \$2.50 for each and every member secured. The member will receive this amount after the new member is adopted and his benefit certificate delivered. This should be an inducement to the hustlers of Cedar Camp to pick up some extra change and not only be doing the applicant a favor by having him join the Modern Woodmen of America, but in building up the membership of Cedar Camp who still retains the proud record of being the largest Camp in the State. After the business of the Camp was over Wednesday night, all present retired to the banquet room where the committee had prepared a light lunch consisting of coffee, sandwiches, pickles and doughnuts. Neighbors come to the next meeting on Wednesday night as the lunch committee says that it is going to have another lunch something new and you will enjoy it. A visiting Neighbor was present from Utica Camp. Now don't stay away and then kick yourself because you are not getting what you are entitled too, we meet every Wednesday night and would be glad to have you with us every meeting.

**K. OF P.**  
Newark Lodge No. 13.  
Newark Lodge met Thursday night and conferred the Knight Rank upon a number of Esquires.

One new application was received and one application balloted upon and elected.

Next Thursday night the Page Rank will be conferred.

Uniform Rank.

Licking company No. 121. U. R.

K. of P. held a special assembly Wednesday, Sept. 23. The speeches made by Captain Wollinsky and other Sir Knights were thoroughly enjoyed and showed the splendid spirit and keen interest in which the company is working. During the business session steps were taken towards the fall and winter campaign for new members, following which light refreshments were served, furnished by the captain.

**I. O. O. F.**  
Mt. Olive Encampment No. 12.  
At the last regular meeting of Mt. Olive Encampment there was a good attendance, and considerable business was disposed of. Patriarchs, get busy. Next Thursday evening, Oct. 1st have your application in without fail. The applicant can get the degree at the old price if he petitions at that time. The Patriarchal degree will be conferred on the class Oct. 15. Be on hand Oct. 1st for practice in this degree.

Newark Lodge No. 623.  
Newark Lodge met in regular session last Monday evening. There was a good turnout of Brothers and the third degree was conferred in full form.

Monday, Sept. 28 will be the Homecoming. This will be the big meeting of the season. We cordially invite all Odd Fellows who can be with us to make it a point to attend. There will be a short session of the lodge before the meeting is placed in the hands of the committee. We will have short addresses by Past Grand Master Younger and other prominent Odd Fellows. Brothers this meeting will not be long and tiresome, come out and enjoy a visit with us. We will supply you with what smoke you need. The session will open at 7:30 sharp.

**DAUGHTERS OF VETERANS.**  
The Daughters of Veterans held their regular business meeting Tuesday evening at the G. A. R. hall. The president, Mrs. Hickman, presiding. The meeting was well attended and proved to be unusually interesting. One pleasing feature was the initiation of a worthy candidate, Mrs. Suttles. For the good of the order it was suggested by Sister Mrs. Nichols that at each meeting some one give a talk or reading on our patriotic heroes. The president made a request that each member call on some of the comrades before the next meeting and give them a pleasant social hour. The presentation of the flag by the Daughters at the opening of "Memorial Park" at Black Run, Sept. 15, was discussed and a grand time reported. At the close of the meeting all repaired to the dining room, where refreshments were served, and a miscellaneous shower given

Sister Ella Looker, who is to be an October bride. The next meeting will be Nov. 13. Let every member be present, especially the officers.

**HOME GUARDS OF AMERICA.**  
Newark Home No. 34 met in regular session Wednesday evening, Sept. 23, with a fine attendance. After the regular routine of business was concluded we had our indoor picnic and the table was spread with all of the delicacies of the season. After lunch was served there were various kinds of entertainments consisting of dancing, songs, and Sister Dora Baughman and Miss Bolin rendered some fine selections on the piano, and Brother J. Moore gave a very instructive talk on the fine insurance of the order. Members turn out to our meetings. We have more candidates to be initiated at our next meeting night and our captain of the degree team would like to put the floor work on and requests all members to be present on that night.

**TURN HAIR DARK WITH SAGE TEA**

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we won't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. ## COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief in Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

**Not Well Enough to Work.**  
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, women should remember that there is one tried and true remedy for the ills to which women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It cures that vice which makes weak women, the Lydia E. Pinkham Medicine Co., Lowell, Mass.

**To Collect Buckeyes.**  
 The Second Ohio regiment will gather buckeyes this fall, on order of Col. E. S. Bryant. The buckeyes will be used to advertise Ohio when the regiment goes to the Panama exposition at San Francisco next spring.

**Frost This Morning.**  
 There was quite a heavy frost this morning but it came too late to do any damage. It is welcomed however by hay fever sufferers and fall fishermen, who state that the cooler weather will bring good fishing.

**Mansfield Steel Plant.**  
 It is said that a deal has been closed for a new steel plant at Mansfield which will employ between three and four hundred men. A big bonus was necessary to secure the plant, which is expected to be in operation by Dec. 1.

**Old Assault Case.**  
 Oscar Haley of Ohio street was arrested last night on a charge of assault, preferred by Leo Roy last July. Haley drew a fine of \$5 and costs. Seven drunks and one train rider were the other police court cases disposed of.

**Another Rabid Dog.**  
 A report was made to the health department that a dog which bit a Mr. Chenoweth of East Newark, was suffering from rabies. The animal has been killed. Two other dogs thought to be rabid, examined by the state department Monday proved to be free from the disease.

**Aided in Track Drying.**  
 Messrs Charles Hager, Robert Francis, Frank Desch, Charles Hager Jr., attended the races at Columbus Thursday afternoon but the wet track spoiled the sport. Volunteers were called upon to aid in drying the race course and the Newark quintet rendered excellent service.

**Geological Specimens.**  
 Clara G. Mark of the Geological Department of the Ohio State University went to Flint Ridge Friday and from there to Brownsville accompanied by several students. They were engaged in gathering specimens of the rock formations of that part of Licking county and secured quite a number.

**Tramps Seek Shelter.**  
 The cooler weather of the past few nights is driving the tramps to shelter and station house keeper George McClure has had applications from a number who desired a warm place in which to pass the night. It is expected that many lodgers will be accommodated from now on until next spring.

**State Organizer to Speak.**  
 All the Sunday School services at the Fifth Street Baptist Church Sunday morning at 9:15, there will be program of singing and speaking. Miss Mary Ervin, State Organizer of children for campaign work in the present state wide temperance campaign will speak. Don't fail to hear her.

**Taken to Sanitarium.**  
 William Hagerman, B. & O. brakeman of this city who was so seriously injured at Eldon, that it was found necessary to amputate his left arm, was brought to Newark on Friday afternoon and taken to the Newark Sanitarium, in Martin's ambulance. Dr. J. G. Shirer is the attending physician.

**Ministerial Association.**  
 The Ministerial association will meet in Y. M. C. A. building Monday, at 10 a. m., Sept. 28, to hear the report of committee to arrange for special prayer meetings preparatory to the proposed city-wide revival meetings in November. All members should be present. W. H. Baker, secy.

**Purchase Clothing Store.**  
 The stock and fixtures of the S. S. Anderson store at Alexandria have been purchased by Mr. L. Hirschberg of this city, proprietor of the Great Western Clothing store, and it will be operated as a branch of his business in this city and conducted as a first class, up to date clothing and gent's furnishing emporium. Mr. Anderson has engaged in the automobile business and has been meeting with splendid success.

**"Honey Boy" Minstrels.**  
 The "Honey Boy" minstrels arrived in the city shortly after 9 o'clock this morning, coming from New Castle, Penn., where they gave a performance last evening. They gave a street parade at noon today giving a concert on East and West Park place. The company will leave Sunday morning for Cincinnati where they have a week engagement.

**Plenty of Vegetables.**  
 There was plenty of fruit and vegetables on Saturday's market, and buying was active. Peaches retailed at \$1.25 to \$1.40 per bushel, potatoes \$1 per bushel and the same price for onions. The market stalls were filled and the stands erected along West Main street pavements were also loaded with farm products of all kinds. This week will be about the last of the peaches and grapes will also soon disappear from the market.

## HENRY CLEWS' WEEKLY REVIEW OF SITUATION

(Special to The Advocate)  
 New York, Sept. 26.—Henry Clews, banker said today:

In spite of war derangement and consequent dangers, the tendency of financial and commercial affairs inclines toward improvement. Each week shows some progress in the efforts for business resumption. Since it is facts that count, some of the facts of improvement are herewith cited:

The successful placing of the \$100,000,000 New York City loan.  
 Formation of the \$100,000,000 gold pool, New York contributing \$45,000,000 and Chicago \$16,000,000.

Decided improvement in foreign exchange situation.

Surprising increase in strength of Bank of England.

Indications that reopening of London and New York Stock Exchanges will be earlier than at one time expected.

The English moratorium will end November 4, and will be partially curtailed on October 4.

Prospect of early resumption of New York Cotton Exchange.

There is a very gratifying recovery in our export trade.

The disposition of the Federal Government to aid in every legitimate manner a resumption of business is more marked.

The application of the railroads for a 5 per cent advance in receiving widespread approval.

A decrease is reported in the number of idle cars.

Of course it is folly to ignore the fact that the business situation is still enduring extraordinary strain; and the future continues to demand great prudence and self-restraint. Much depends upon the course of the war. The more promptly that horrible struggle ends, the more promptly will be the general recovery. But no substantial peace plans are in sight. Apparently nothing but exhaustion will bring the contest to an end, and as that means a collapse of some of the most powerful and progressive countries which the world has ever seen, such a catastrophe will exercise a depressing influence for many months, if not years to come. On the other hand, it is quite possible to exaggerate the harmful effects of this war, especially in the present depressed mental atmosphere of the entire world. The loss of life, the destruction of property and the wasteful expenditures of war are only too well understood. Nevertheless, the costs of armed peace have been so terrifically high during the past decade that one of the certain effects of the war will be to greatly reduce the annual bills for militarism, which have been estimated at about \$1,800,000,000 a year for the five great nations now at war. In all probability Europe will enter a period of prolonged peace after the present contest is ended.

At home the financial situation is gradually clearing.

We have already referred to the improved political outlook at Washington. The administration is decidedly more friendly to big business, and there is less disposition to unduly harass great business concerns which already have problems enough on hand.

Our prosperity has already been injured by the overproduction of law.

## MANY ENTRIES RECEIVED FOR THE BIG FAIR

Saturday was a busy day for Secretary Ed. M. Larson of the Licking county fair and his assistants in his temporary office in the assembly room of the courthouse. Several hundred entries were received and Secretary Larson says that when the big exhibition opens Tuesday all departments will be filled to overflowing.

The speed entries are the largest and best in many years and all races will be filled. Some fast steppers will be seen on the track this year and the prediction is made that a few records for half mile tracks will be shattered. All that is needed now is fine weather and one of the best fairs in the history of the county will result.

"Papa, potatoes, poultry, prunes and prism are all very good words for the lips—especially prunes and prism."

Whirl, wheel, whee, whiz and wants are very good words for speed—especially whiz and wants.

Your wants will be filled speedily if you use this paper. You'll get what you want when you want it.

## FRAZEYBURG MAN KILLED BY TRAIN

## SIMULTANEOUS EVANGELISTIC MISSION.

It has been decided to hold a simultaneous evangelistic mission in Newark, services to commence Sunday, November 15th.

There will be the neighborhood prayer meetings held all over the city on same lines as the Lyon campaign, when special topics will be prepared and distributed in due course.

On Tuesday next, September 29, there will be a meeting of Christian workers, comprising the old division leaders and members of the neighborhood prayer meetings, and any interested in the work at the Central Church of Christ at 2:30 p. m. It is fully expected there will be a good attendance.

It is desired that each pastor and Sunday school superintendent will bring this matter before the congregations and Sunday schools next Sunday and give publicity to the preparatory meeting of Tuesday next and the mission to commence Sunday, November 15th.

Let all Christian people unite in prayer seeking God's blessing on the effort.

ROBERT NORTHEY.

## STEAMSHIP AFIRE AN HOUR BEFORE SAILING TIME

ITALIAN RESERVISTS CROWDED INTO STEERAGE, FLED TO PIER IN MCANTY ATTIRE.

Fire Was Confined to Sixteen Hundred Bales of Cotton—May Postpone Sailing.

(Associated Press Telegram)

New York, Sept. 26.—The White Star liner Cretic, due to sail this morning for Genoa, was found to be afire an hour before her sailing time. Sixteen hundred bales of cotton stored in the lower hold, caught fire as the vessel lay at her pier under steam and ready to weigh anchor.

Several hundred Italian reservists crowded into the steerage overnight were routed out by smoke and fled in scant attire to the pier.

The fire gained headway rapidly. Within fifteen minutes from the time that the first wisp of smoke curled up from the second hatchway, the blaze in the hold appeared to be a roaring furnace, and soon smoke hung in heavy clouds over the river.

It was not until a half hour later that the firemen were able to play streams directly on the blaze.

The fire continued to burn steadily and the volume of smoke spread up and down the river.

It was after 10 o'clock before the fire seemed to be under control. The ship herself, it was said, did not catch fire and the damage was confined to the cotton in the hold. This cotton was consigned to Naples. Officers of the line said the Cretic probably would be unable to sail today.

The origin of the fire was not determined, but it was thought that the blaze might have been started by a lighted cigarette or cigar thrown into the hold.

## DEPARTING LINERS HAVE LIGHT LISTS OF PASSENGERS.

(Associated Press Telegram)

New York, Sept. 26.—Six transatlantic liners were due to leave port today, among them being the White Star liner Cretic, whose sailing was suspended on account of fire. The others were the Olympic for Glasgow; the America of the Italian line for Naples; the Zealand of the Red Star line for Liverpool; the Cameronia for Glasgow and the Minnewaska for London. All of them had light passenger lists.

Among the Olympic's passengers were Kermit Roosevelt and his wife, who were bound for Buenos Ayres by way of Manchester. Mr. Roosevelt said that his mission in Buenos Ayres was to open a branch there of the National City bank. His sister, Mrs. Richard Derby, was also a passenger aboard the Olympic. Mrs. Derby accompanied her husband, a physician, on his way to Paris, where he will do war hospital work. She said that she would probably help as a nurse. Six other surgeons who responded to the call of Dr. Joseph A. Blake, the American surgeon in charge of the American hospital corps attending wounded soldiers in Paris hospitals, also were on the Olympic.

The sailing of the French steamship Virginia originally set for today, was postponed until Monday. No transatlantic liners were due to arrive at this port today.

## CHAMPIONSHIP TO R. MILLER IN GOLF ASSO.

In the annual tournament of the Southeastern Ohio Golf association held Friday at the Country Club grounds, Roderick Miller of Newark won the association championship, being awarded a gold medal. Mr. Leeper of Zanesville was second and won the bronze medal offered for second place. Edwin Besuden of Newark stood third and won the prize offered by the Goffen Manufacturing company.

Miller played the 36 holes with the lowest score, 176. Leeper's score was 179 and Mr. Besuden's 183. At the end of the morning round Mr. Leeper was leading Miller by three strokes, the score being 85 to 88. In the afternoon Miller played another 36 while Leeper's score was 94.

The scores of other participants were as follows: Wilton, Cambridge, 184; Webb, Newark, 187; Hayden, Sr., Newark, 188; Gayle, Coshocton, 190; Hollander, Newark, 191; E. Hawthorne, Cambridge, 195.

Other players who played in the tournament but did not report their scores were: Dr. Stewart, Cambridge; C. Hawthorne, Cambridge; M. Baker, Newark; F. M. Black, Newark; Mr. Phillips, Chicago; M. Q. Baker, Coshocton; Mr. Helvey, Newark; Madocks, Newark; Mr. Scott, Newark; W. C. Miller, Newark; Dr. Hurdley, Newark; Carl Wolant, Newark.

Only twelve players from Cambridge, Coshocton and Zanesville entered the tournament, owing to the lateness of the season, many finding it inconvenient to attend.

But one round was played in the Kenney cup tournament.

SOUNDS THE TOSIN FOR G. O. P. COHORTS IN OHIO AT AKRON TODAY.

In Speech Confining the Issues to State Questions and Attacking Cox Regime.

(Associated Press Telegram) Akron, O., Sept. 26.—Congressman Frank B. Willis, candidate for governor, in his speech at the Republican campaign opening here today, asserted that the dominant political issue in Ohio this year is the question of the repudiation or endorsement of the present state administration. He divided what he termed "the inevitable political tendencies" into four parts: "First," he said, "is the immense, unwarranted and dangerous concentration of power in the hands of the governor; second, the vast increase in state expenditures; third, a corresponding curtailment of the power of the people and the great increase in their tax burdens; and fourth, an inevitable tending toward machine building for political purposes."

Mr. Willis then began an extended review of the Warren tax law in which he strongly condemned the system of appointment of tax assessors by the governor, saying that "it is a most palpable fraud to claim that the tax assessing machinery of the state is a non-partisan civil service organization conducted on the merit system." Mr. Willis also attacked the administration for appointment of liquor license commissioners and he gave instances which he asserted proved his claim that the framers of the law intended liquor license officials to be elected by the people of counties which they served.

The temperance question was referred to by the candidate. "The Republican party will take no backward step in temperance legislation," he said, "and it will exert itself to the utmost to check the retrograde movement initiated by the present chief executive and his army of appointees in their efforts to make the saloons in the state a cog in a gigantic political machine." Mr. Willis also charged the governor with "putting the saloon back into politics."

Governor Cox was the subject of much of Mr. Willis' speech, the Republican candidate making extended remarks on the general subjects of "executive domination," "Governor Cox's alleged extravagance," "lump sum appropriations," and "constitutional or personal government."

The state highway department was characterized as extravagant and being a political machine. Mr. Willis said that the Republican party was in favor of a state-wide system of good roads under state supervision, but insisted that the taxpayers' money be "used more for good roads and less for payment of big salaries."

The greater part of the speech of Warren G. Harding, candidate for United States senator was devoted to the tariff question. He asserted that the tariff revision of 1913 "is only a little less monumental as an economic blunder than the revision of 1893." Mr. Harding, in opening, said that the European war with its attending anxieties and embarrassments, together with the wisdom with which they have been met, have tended to magnify the popular approval of the Democratic national administration.

The restoration of a prospering protective tariff was given as "of paramount importance." Mr. Harding stated that he had adopted as his slogan, "prosperous America first." The establishment of a merchant marine was another topic receiving much attention from Mr. Harding and he remarked that the Republican party had been advocating a restoration of an American merchant marine since the civil war. In reference to the present state administration the speaker said, "Today at twice the cost we are Wisconsin and Coiffed," and went on to say that "the present state adminis-

tration has superseded popular rule with a commissioned commonwealth." Mr. Harding attacked the Progressive party which he called "the third party," for its alliance with the "drys," saying that "the third party appeal to the temperance forces of the state is the supreme hypocrisy of political play."

**CITY WINS**

(Continued from Page 1.) the rate at 20 cents, is unreasonable; that the rate denies to the Gas company any adequate profit, and operates as a fraud upon the property rights of the Gas Company; that the ordinance is contrary to and in violation of the Bill of Rights of the Constitution of the State of Ohio, and is null and void for the reason that the ordinance is violative of and subversive to the due protection and possession of the property of the defendant without its consent; and that the carrying out of the ordinance would result in taking of private property without due process of law; that said ordinance attempts to compel the company to furnish gas without just compensation or profit.

The case was tried in the common pleas court upon the evidence produced in support of the issues raised by the pleadings.

The court of appeals in their decision states that the power given by statute to the Council of a municipality to regulate the price of natural gas is found in the General Code of the laws of Ohio but that the power given by the Code does not contemplate an arbitrary fixing of the rights of the corporation or of the public, but reasonable rates and just compensation, and that to do otherwise would be violative of the spirit of the statute and of public duty; that the presumption, in the absence of proof to the contrary, is that the City Council acted with due regard to the rights of both the corporation and the public, and that the council was clothed with power to regulate the price of gas to be furnished by the defendant; that the duty of the court is to judicially declare whether or not the rate fixed in the ordinance is reasonable or otherwise. The court held that what the company has a right to demand is such compensation for the use of its property as will be just both to it and the public, and will give the company a fair return on its investment.

The court states that as they read the record, the earnings of the defendant company during the year 1911 were such as to pay over 10 per cent net profits, and that in 1910 they yielded a much larger net profit; that the record covering these two years, and in the absence of other evidence, might not be a safe criterion upon which to base a judgment of the net earnings of the company before that time, but that the evidence shows that the total net earnings of this plant were very profitable from the time it was first organized, yielding to the management from 1902 to Dec. 31, 1911 an average annual net profit of over 8 per cent, during all of which time the company charged the citizens of Newark for gas the 18 cent net rate; that while it is impossible to fix with any degree of certainty what the net earnings of the company will be during the future five years, under the ordinance, it is reasonably safe to say that in view of the net earnings of the company during the period from 1902 to and including at least a portion of 1911, they will be such as to avoid the charge of being confiscatory in their effect.

The court states that the reasonable and safe rule for it to follow is to decline to interfere by injunction with rate-making legislation before a fair test is made and shown of the practical effect of the rate fixed, to the end that the court may intelligently act upon the evidence based upon the result of actual trial of such rate, that if it shall hereafter be made to appear under the actual operation of the ordinance that the returns allowed by it operate as a confiscation of property, the courts are open to afford a remedy. Judge Voorhees did not concur in the opinion the decision being that of a divided court, Judges R. S. Shields and L. K. Powell concurring in the opinion rendered.

**Automobile Collides With Wagon, Killing Two Horses; Ex-Prosecutor P. B. Smythe Hurt**

The large Cadillac touring car of ex-prosecuting Attorney Phil B. Smythe collided with a team of horses hitched to a medicine wagon and driven by Philip Eswen, near Pataskala, Friday evening shortly after dusk, injuring the horses so badly that it was necessary to shoot them shortly after the accident.

Mr. Smythe had been to the Grand Circuit races at Columbus and was returning home, his chauffeur, Frank Payne, driving the machine. They were coming east on Broadway road, and when near the Hawley residence, north of Pataskala, on the Harrison and Lima township line, struck the horses which had just emerged from the road going south and crossing Broadway. The horses were knocked into a ditch on the side of a road and the auto skidded and the rear of the machine landed on one horse and the front on another.

Neither Messrs. Eswen nor Payne was injured, but Mr. Smythe was not so fortunate, being thrown forward

when the collision occurred and his nose was cut and bruised while his face was also slightly scratched. He was taken into the Hawley residence, and Dr. J. W. Woots of Pataskala was summoned who dressed his injuries and he was brought to Newark shortly afterwards.

Just after the collision occurred Mr. Ed. F. Wright's auto arrived on the scene with Jerry Ackley, Frank Granger, John Geach and John Owens. They rendered assistance in getting the machine off the horses and in caring for Mr. Smythe.

The wagon and team was the property of the Watkins Extract company of LaCrosse, Wis., and Mr. Eswen resides at Elma, O.

The Smythe car is badly wrecked, the radiator being stove in, the wind shield broken, the axle bent and other parts disarranged. Mr. Payne is known as a careful driver and the unfortunate occurrence of Friday evening was the first accident which he has had since driving a car.

**ALL CHURCHES IN GRANVILLE MAY CO-OPERATE**

IN A MOVEMENT INTENDED TO CREATE AND FOSTER A WIDE PUBLIC SENTIMENT.

Interesting Reception Held Friday Afternoon—First Issue of College Paper Appears.

(Special to The Advocate) Granville, Sept. 26.—One of the most successful meetings of the year was held in the social rooms of the Baptist church yesterday afternoon, when Mrs. R. S. Colwell, Mrs. W. P. Ullman, Mrs. M. E. Stickney, Mrs. Charles Watkins and Mrs. Burton Case entertained the ladies of the Baptist congregation from half past two to five o'clock. The president, Mrs. Burton Case presided at the business session when many matters received attention, among them being the vote of the society to assume the cost of inserting a west window in the parlor of the parsonage, now undergoing remodeling. The president in brief sentences urged the necessity for a Granville woman's organization irrespective of church or social affiliations. She reminded the ladies that individually—without a vote to cast—they could accomplish nothing; united in a common cause they could become a potent influence, could create a sentiment so strong that no one in the community would care to defy it. She asked that after listening to the speaker of the afternoon in her helpful and inspiring message on "What Can She Do," they would have a motion to make looking toward such a movement. Dr. Zella A. Dixon, of Chicago, formerly librarian of University of Chicago, who continues to lecture and to write, was then introduced and in a twelve minute speech packed full of facts, she so stirred the ladies with her eloquence and sincerity, that a fresh impetus was given the meeting, and at the close of her address she was accorded an instantaneous and unanimous rising vote of thanks. She was made chairman of a committee with the president, Mrs. Case, Miss McKibben, Miss Roe and Mrs. Swartz, to confer with the officers of all the other women's organizations in Granville to effect a general organization. Mrs. Theodore Johnson closed the session with three vocal selections in which her voice was exquisitely clear, rich, and colorful. Mrs. Howard Darrow, one of our musical composers and pianists, accompanied her in faultless style. The rooms were beautifully decorated with red flowers and autumn leaves, and delicious refreshments were served by the hostesses, assisted by Miss Barrington and Josephine Darrow. Guests of the afternoon were Dr. Dixon, Miss Humphrey, Miss La Ferre, Mrs. Emsweller, Mrs. Dowd, Mrs. F. B. Wiley, Mrs. Darrow, Mrs. Clemons, Mrs. Benner of Croton, each of whom received a warm welcome. Mrs. Darrow and Mrs. Wiley poured tea and coffee at the round table centered with red flowers and decorated with red candies in glass holders.

The first "Denisonian" made its appearance yesterday, and its initial number is a credit to the editors, Messrs. J. B. Long and C. L. Fox. We quote from its pages the following: "The many friends of Miss Margaret Judson, dean of Sheperdson College, were deeply grieved to learn of the death of her mother, Mrs. A. B. Judson, Sunday, in the family home at Hamilton, N. Y. It was known that Mrs. Judson had been sick for some time, but the news of her death came as a severe shock to everyone. The news did not reach Granville until seen in the New York Times Monday morning. The notice desired on flowers so for that reason Sheperdson has sent none. At a student association meeting Monday noon, it was voted to send a telegram of condolence to Miss Judson. A committee was appointed by the president and the following telegram sent: 'Please accept our love and deep sympathy in your bereavement. Sheperdson Girls.' The deepest sympathy of not only Sheperdson, but all Denison students and faculties, goes out to Miss Judson at this time."

Mr. F. M. Lowe, a young lawyer of Chicago, is the guest at the home of Mr. and Mrs. Howard Darrow in Main street. They will entertain him at dinner this evening at the Country club.

**CANDIDATES TO PUT FULL WEEK OF CAMPAIGNING**

GOV. COX WILL SPEND SEVERAL DAYS IN THE WESTERN RESERVE COUNTIES.

Willis and Harding, Garford and Garfield Have strenuous Program.

(Associated Press Telegram) Columbus, Sept. 26.—Leading candidates of the Democratic, Republican and Progressive parties will all be actively engaged on the stump next week. Most of the speakers will start Monday but the Progressives will not get under way with their automobile tours until Tuesday because of Colonel Theodore Roosevelt's speech here Monday evening.

Governor Cox and Attorney General T. S. Hogan will be in Wood county Monday; Tuesday the governor will visit Allen and Van Wert counties; Wednesday the governor accompanied by the attorney general will make several speeches in Putnam county; Thursday, Mansfield, Loudenville and Wooster will be visited by the governor, with Newton D. Baker, of Cleveland; Friday in Stark county and Saturday in Columbiana, will finish the governor's week.

Both Warren G. Harding, Republican candidate for United States senator and Frank B. Willis, candidate for governor, will put in a full week of campaigning. Mr. Harding will be in Cleveland speaking practically the entire week, his only other stop being made at Newton Falls and Warren, on Saturday. Mr. Willis will be in Shelby county on Monday, accompanied by Edward C. Turner, candidate for attorney general. Tuesday, he will speak at Piqua and tour Miami county, Wednesday he will speak in Lima, Thursday at Findlay during the afternoon. In the evening Mr. Willis will come to Columbus to speak at the Buckeye Republican Club meeting, Friday he will be in Jackson, returning to Columbus in the evening and going direct to Cleveland, where he will meet Mr. Harding and go to Warren.

The Progressive automobile tours will start Tuesday with James R. Garfield, candidate for governor, in Muskingum county, closing the days speeches at Zanesville, Wednesday Morgan county will be covered and Thursday will be spent in Noble county, and Saturday will close the week's work in Washington county.

A. L. Garford, candidate for United States senator, starts his third week Tuesday morning in Champaign county with a speech at Mechanicsburg. Wednesday he will speak in Clark county and Thursday in Madison county. Friday Mr. Garford will make a number of speeches in Green county and Saturday he will go to Warren county, where a series of Progressive meetings are scheduled.

**NEW PASTOR TO ASSUME DUTIES AT HOLY TRINITY**

The members and friends of the Holy Trinity Lutheran church of this city are to have the privilege of hearing the Rev. Raymond A. Houk tomorrow morning.

Rev. Houk graduated from Miami Divinity Hall, Springfield, this state, last May and preceded at once to Germany, where he had planned to enter one of the German universities for a post graduate course in theology. However, the distressed, drained and prostrated condition into which the German empire, and in fact all Europe, has been thrown by the war has made it impossible for Rev. Mr. Houk to take up his proposed studies and, after traveling three months in the different countries of Europe, he has just returned to his native land to take up the work of the active pastorate.

Holy Trinity congregation has been vacant since the Rev. C. C. Root, a very much beloved and appreciated pastor left Newark for Elma, O., last May. It is hoped by the council of this young mission congregation to secure the services of Rev. Houk as regular pastor. All the members and friends of the congregation, who can possibly arrange to do so, are urged to be present at the morning service, as Rev. Mr. Houk will not preach more than the one sermon and that at the morning hour for worship.
